APPOINTMENT AND REVOCATION OF PROXIES

The individuals named in the enclosed form of proxy are directors or officers of the Company. **A Shareholder (as defined below) submitting a proxy has the right to appoint a person or company, who need not be a Shareholder, to represent the Shareholder at the Meeting other than the persons designated in the form of proxy furnished by the Company. To exercise this right, the Shareholder may insert the name of the desired representative in the blank space provided in the proxy or may submit another appropriate form of proxy permitted under applicable law.**

The completed proxy will be deemed valid when deposited at the office of Proxy Services, c/o Computershare Trust Company N.A., P.O. Box 43102, Providence, RI 02940-5068 not later than the close of business one business day preceding the day of the Meeting or any adjournment or postponement thereof, or with the Chairman of the Meeting immediately prior to the commencement of the Meeting or any adjournment or postponement thereof, otherwise the instrument of proxy will be invalid.

See “Voting by Non-Registered Shareholders” below for a discussion of how non-registered Shareholders (i.e. Shareholders that hold their shares through an account with a bank, broker or other nominee in “street name”) may appoint proxies.

You may revoke or change your proxy at any time before it is exercised at the Meeting. In the case of Shareholders appearing on the registered shareholder records of the Company, a proxy may be revoked at any time prior to its exercise by sending or depositing a written notice of revocation or another signed proxy bearing a later date to the Secretary of the Company at its principal executive office located at 926 W. Sprague Avenue, Suite 200, Spokane, Washington 99201 not later than the close of business one business day preceding the Meeting or any adjournment or postponement thereof. You may also revoke your proxy by giving notice or by voting in person at the Meeting; your attendance at the Meeting, by itself, is not sufficient to revoke your proxy.

Shareholders appearing in the name of a bank, broker or other nominee should follow the instructions provided by their bank, broker or nominee in revoking their previously voted shares.

EXERCISE OF DISCRETION BY PROXIES

The shares represented by the proxy will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. In the absence of such choice being specified, such shares will be voted “for” the matters specifically identified in the Notice of Annual Meeting of Shareholders accompanying this Circular.

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Annual Meeting of Shareholders and with respect to other matters which may properly be brought before the Meeting. **If any other matters are properly presented for consideration at the Meeting, or if any of the identified matters are amended or modified, the individuals named as proxies on the enclosed form of proxy will vote the shares that they represent on those matters as recommended by management. If management does not make a recommendation, then they will vote in accordance with their best judgment.** At the time of printing this Circular, the management of the Company knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Annual Meeting of Shareholders.

VOTING RIGHTS AND PRINCIPAL SHAREHOLDERS

The Company's issued and outstanding shares consist of Class A common shares (each, a "Class A Share") and Class B common shares (each, a "Class B Share"). Unless otherwise noted, references to Common Shares in this Circular include both Class A Shares and Class B Shares. Holders of Common Shares (collectively, the "Shareholders") are entitled to one vote per share and will vote as a single class on all matters to be considered and voted upon at the Meeting or any adjournment or postponement thereof. As of April 21, 2011, the latest practicable date, there were 58,969,018 issued and outstanding Class A Shares and 500,236 issued and outstanding Class B Shares for a total of 59,469,254 Common Shares outstanding.

As of April 21, 2011, there were 787,500 issued and outstanding unvested restricted shares, all of which were issued under the Company's Equity Incentive Plan and Venezuelan Equity Incentive Plan. All such unvested restricted shares are Class A Shares and carry full voting rights. The terms "restricted stock" and "restricted shares" are used interchangeably in this Circular. These restricted shares represent approximately 1.32% of the aggregate Common Shares outstanding.

The Company has set the close of business on April 21, 2011 as the record date for the Meeting. The Company will prepare a list of Shareholders of record at such time. Shareholders will be entitled to vote the Common Shares then registered in their name at the Meeting except to the extent that (a) the holder has transferred the ownership of any of his Common Shares after that date, and (b) the transferee of those shares produces properly endorsed share certificates, or otherwise establishes that he owns the shares, and demands, not later than 10 days before the Meeting, that the transferee's name be included in the list of persons entitled to vote at the Meeting, in which case the transferee will be entitled to vote his Common Shares at the Meeting or any adjournment or postponement thereof.

To the knowledge of the directors and executive officers of the Company, as of April 28, 2011, the only persons, firms or corporations that beneficially owned, directly or indirectly, or exercised control or direction over more than 5% of the voting rights attached to the Common Shares were:

Shareholder Name and Address	Number of Common Shares Held	Percentage of Common Shares Issued ⁽³⁾
West Face Capital, Inc. 2 Bloor Street East, Suite 810 P.O. Box 85 Toronto, Ontario M4W 1A8	9,630,000 ⁽¹⁾	16.2%
Steelhead Partners, LLC 1301 First Avenue, Suite 201 Seattle, WA 98101	11,707,979 ⁽²⁾	19.7%

⁽¹⁾ Based on Schedule 13D/A filed by West Face Capital, Inc. with the Securities and Exchange Commission on June 30, 2010. West Face Capital, Inc. reports an additional 1,754,509 shares related to our convertible notes that it holds as being beneficially owned for purposes of its Schedule 13D/A. However, as the Company has the option to deliver cash for any such convertible notes, we do not include that number in this table.

⁽²⁾ The number of Common Shares held is based on notification by Steelhead Partners, LLC effective April 28, 2011. Steelhead Partners, LLC reports an additional 4,008,488 shares related to our convertible notes. As the Company has the option to deliver cash for any such convertible notes, these shares are not considered as being beneficially owned and therefore are not included in this table.

⁽³⁾ Based on the number of shares outstanding on April 28, 2011.

A quorum for the transaction of business at any meeting of the Shareholders shall be holders of at least one-third (1/3) of the outstanding Common Shares present in person or represented by proxy. Except as otherwise stated in this Circular, the affirmative vote of a majority of the votes cast with respect to an item or proposal at the Meeting (an ordinary resolution) is required to approve all items presented in this Circular.

VOTING BY NON-REGISTERED SHAREHOLDERS

Only registered Shareholders at the close of business on April 21, 2011 or the persons they designate as their proxies are permitted to vote at the Meeting. In many cases, however, the Common Shares owned by a person (a “non-registered holder”) are registered either: (a) in the name of an intermediary (an “Intermediary”) that the non-registered holder deals with in respect of the Common Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered registered savings plans, registered retirement income funds, registered education savings plans and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Company has distributed copies of this Circular and the accompanying Notice of Annual Meeting of Shareholders and form of proxy (collectively, the “Meeting Materials”) to the clearing agencies and Intermediaries for onward distribution to non-registered holders of Common Shares.

Intermediaries are required to forward the Meeting Materials to non-registered holders unless a non-registered holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to non-registered holders. Generally, non-registered holders who have not waived the right to receive the Meeting Materials will either:

- (a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number and class of securities beneficially owned by the non-registered holder but which is not otherwise completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the non-registered holder when submitting the proxy. In this case, the non-registered holder who wishes to vote by proxy should otherwise properly complete the form of proxy and deliver it as specified above under the heading “Appointment and Revocation of Proxies”; or
- (b) be given a form of proxy which is not signed by the Intermediary and which, when properly completed and signed by the non-registered holder and returned to the Intermediary or its service company, will constitute voting instructions (often called a “Voting Instruction Form”) which the Intermediary must follow. Typically, the non-registered holder will also be given a page of instructions which contains a removable label containing a bar code and other information. In order for the form of proxy to validly constitute a Voting Instruction Form, the non-registered holder must remove the label from the instructions and affix it to the Voting Instruction Form, properly complete and sign the Voting Instruction Form and submit it to the Intermediary or its services company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit non-registered holders to direct the voting of the Common Shares they beneficially own. **Should a non-registered holder who receives either form of proxy wish to vote at the Meeting in person (or have another person attend and vote on behalf of the non-registered shareholder), the non-registered holder should strike out the persons named in the form of proxy and insert the non-registered holder’s name, or such other person’s name, in the blank space provided. Non-registered holders should carefully follow the instructions of their Intermediary, including those regarding when and where the form of proxy or Voting Instruction Form is to be delivered.**

A non-registered shareholder may revoke a form of proxy or Voting Instruction Form given to an Intermediary by contacting the Intermediary through which the non-registered shareholder's Common Shares are held and following the instructions of the Intermediary respecting the revocation of proxies. In order to ensure that an Intermediary acts upon a revocation of a proxy form or Voting Instruction Form, the written notice should be received by the Intermediary well in advance of the Meeting.

Under relevant New York Stock Exchange ("NYSE") rules that apply to NYSE-member brokers, if you do not instruct your broker how to vote, your broker will be able to vote your Shares with respect to "routine" matters such as the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors (Proposal 2) but not "non-routine" matters. **The election of directors is considered a non-routine matter under NYSE rules and your broker will not be able to vote your shares with respect to Proposal 1 (Election of Directors) if you have not instructed your broker how to vote.**

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Committee

The Company's compensation program was administered during 2010, and has and will continue to be administered in 2011, by the Compensation Committee of the Board (the "Compensation Committee"), composed of Mr. Mikkelsen, Mr. Potvin and Mr. McChesney. The Compensation Committee met four times during 2010. While serving on the Compensation Committee, each of the members attended all four meetings.

The Board had determined that each member of the Compensation Committee satisfied the definition of "independent director" as established in the NYSE Amex listing standards and SEC rules. The Compensation Committee currently has no written charter.

The function of the Compensation Committee is to evaluate the Company's performance and the performance of the Chief Executive Officer, the Chief Financial Officer and each of the next three most highly compensated executive officers (collectively, the "Named Executive Officers"). The Compensation Committee approves the cash and equity-based compensation of the Named Executive Officers and submits such approvals to the full Board for ratification. The Board has complete discretion over the amount and composition of each Named Executive Officer's compensation. Compensation matters relating to the directors were administered by the full Board. Compensation matters relating to each Named Executive Officer that is a member of the Board were administered by the Compensation Committee.

Compensation Program Philosophy

The goal of the compensation program is to attract, retain and reward employees and other individuals who contribute to both the immediate and the long-term success of the Company. Contributions are largely measured subjectively, and are rewarded through cash and equity-based compensation.

The following objectives are considered in setting the compensation programs for the Named Executive Officers:

- Set compensation and incentive levels that reflect competitive market practices for similar experience and similar size companies; and
- Encourage stock holdings to align the interests of the Named Executive Officers with those of Shareholders.

The Company evaluates the extent to which strategic and business goals are met and measures individual performance, albeit subjectively, and the degree to which teamwork and Company objectives are promoted. The Company strives to achieve a balance between the compensation paid to a particular individual and the compensation paid to other employees and executives having similar responsibilities within the Company. The Company also strives to ensure that each employee understands the components of his or her salary, and the basis upon which it is determined and adjusted.

There is currently no policy requiring officer or director ownership of shares of the Company.

Compensation Elements and Rationale for Pay Mix Decisions

To reward both short and long-term performance in the compensation program and in furtherance of the Company's compensation objectives noted above, the Company's executive compensation philosophy includes the following two principles.

Compensation levels should be competitive

A competitive compensation program is vital to the Company's ability to attract and retain qualified senior executives. The Company regularly assesses peer group data to ensure that the compensation program is competitive.

Incentive compensation should balance short and long-term performance

To reinforce the importance of balancing strong short-term annual results and long-term viability and success, Named Executive Officers may receive both short and long-term incentives. Short-term incentives focus on the achievement of certain objectives for the upcoming year, while stock options and restricted stock awards create a focus on share price appreciation over the long term.

Compensation Benchmarking

The Company in the past established base salaries by using an extensive internal survey of base salaries paid to officers of mining companies with similar experience, similar size mining projects, small to medium size producing companies and other development stage mining companies with large mining projects. The companies considered in our internal survey were:

Copper Mountain Mining Corporation
Mines Management, Inc.
Coeur d'Alene Mines Corporation
Hecla Mining Company
Greystar Resources Ltd.

Gabriel Resources Ltd.
NovaGold Resources Inc.
Crystallex International Corporation
Rusoro Mining Ltd.

All of the participants of the internally generated survey are listed on the NYSE Amex, TSX or TSX-Venture Exchange. For these reasons the Company believes the survey is a very good representation of appropriate mining companies average salaries and a good basis on which to make comparisons to the Company.

Components of Executive Compensation

The components of executive compensation are as follows:

Base Salary. The administration of the program requires the Compensation Committee to review annually the base salary of each Named Executive Officer of the Company and to consider various factors, including individual performance, experience, length of time in position, future potential, responsibility, and the executive's current salary in relation to the executive salary range at other mining companies. These factors are considered subjectively and none are accorded a specific weight.

Bonuses. In addition to base salary, the Compensation Committee from time-to-time recommends to the Board payments of discretionary bonuses to executives and selected employees. Such bonuses are based on the same criteria and determined in a similar fashion as described above.

Equity. The Compensation Committee from time-to-time recommends to the Board grants of options and/or restricted stock awards to executives and selected employees. These grants are to motivate the executives and selected employees to achieve goals that are consistent with the Company's business strategies, to create Shareholder value and to attract and retain skilled and talented executives and employees. These factors are considered subjectively and none are accorded a specific weight when granting awards. In addition, the Compensation Committee annually determines the contribution to the KSOP Plan for allocation to individual participants. Participation in and contributions to the KSOP Plan by individual employees, including officers, is governed by the terms of the KSOP Plan. See "Incentive Plan Awards – KSOP Plan".

Chief Executive Officer's Compensation

It is the responsibility of the Compensation Committee to review and recommend to the Board for ratification the compensation package for the Chief Executive Officer based on the same factors listed above that are used in determining the base salaries for the other Named Executive Officers.

The Compensation Committee has not developed specific quantitative or qualitative performance measures or other specific criteria for determining the compensation of the Company's Chief Executive Officer, primarily because the Company does not yet have a producing mine or other operations from which such quantitative data can be derived.

The determination of the Chief Executive Officer's compensation in 2010 was based on an internal survey of other companies previously listed, was subjective, and based on the progress of the proceedings relating to the resolution of the investment dispute with Venezuela, and the pursuit of new corporate opportunities.

Other Named Executive Officers' Compensation

In determining the compensation of the other Named Executive Officers, the compensation during 2010 was also based on an internal survey of other companies, was subjective, and based on the progress of the proceedings relating to the resolution of the investment dispute with Venezuela, and the pursuit of new corporate opportunities. Generally, the Compensation Committee considers prior compensation and equity grants when considering current compensation.

Change of Control Agreements

The Company maintains Change of Control Agreements with each of the Named Executive Officers which were implemented by the Board to induce the Named Executive Officers to remain with the Company and continue their involvement in the then ongoing development of the Brisas project and more recently, resolution of the investment dispute with Venezuela and the pursuit of new corporate opportunities. A “Change of Control” means one or more of the following: the acquisition by any individual, entity or group, of beneficial ownership of the Company of 25 percent of the voting power of the outstanding Common Shares; a change in the composition of the Board that causes less than a majority of the current directors to be members of the incoming board; reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company; liquidation or dissolution of the Company; or any other event the Board reasonably determines constitutes a Change of Control. Change of Control benefits become payable under the terms of the Change of Control agreements if, within 12 months following a Change of Control, the employee’s employment is terminated by the Company or the surviving or successor entity without cause or the employee voluntarily terminates his/her employment for specified reasons. Such reasons include a substantial alteration in the nature or status of employment responsibilities or a reduction in compensation or benefits.

The Board believes these individuals’ familiarity and long-standing involvement with the Brisas project are important assets to the Company and their continued employment is important to resolve the dispute with Venezuela. The loss of their continued services could have a detrimental impact on the successful outcome of the arbitration, the potential settlement of the dispute with Venezuela, and the successful sale of assets associated with the Brisas Project.

See “Termination and Change of Control Benefits”.

- (1) All of the options were fully vested at December 31, 2010, so no vesting dates are provided for the Unexercised Options.
- (2) The “Market Value of Unexercised Options” was calculated by determining the difference between the market value of the securities underlying the option at the end of the financial year and the exercise price of such options. At December 31, 2010, the closing price of the Class A Shares on the NYSE Amex was \$1.81.
- (3) Represents the number of unvested restricted shares at December 31, 2010.
- (4) The “Market Value of Shares or Units of Stock That Have Not Vested” was calculated by multiplying the total number of unvested restricted shares times \$1.81, the closing price of the shares on the NYSE Amex on December 31, 2010.
- (5) The restricted shares are scheduled to vest as follows: 50% on May 1, 2011 and 50% on November 1, 2011.

Equity Incentive Plans

The Company presently has two equity incentive plans, the Equity Incentive Plan and the Venezuelan Equity Incentive Plan summarized as follows:

Equity Incentive Plan

The Equity Incentive Plan provides for the issuance of up to a rolling 10% of the outstanding Common Shares of the Company, through the grant of “incentive stock options” and “non-statutory options” to purchase Class A Shares, stock appreciation rights (“SARs”), and restricted shares. Employees, directors, and consultants of the Company and its subsidiaries are eligible to receive grants under the Plan. The Board or a committee of the Board is responsible for the administration of the Plan. Pursuant to TSX requirements the Plan must be re-approved every three years. The Plan was last re-approved on June 2, 2009 and expires on January 29, 2016.

The purpose of the Equity Incentive Plan is to advance the interests of the Company and its subsidiaries and promote continuity of management by encouraging and providing employees, directors and

consultants with the opportunity to acquire an equity interest in the Company and to participate in Shareholder value. It also assists in the Company's ability to attract and retain the services of employees, directors, and consultants upon whose judgment, interest, skills, and special effort the successful conduct of its operations is largely dependent.

The following table sets forth the information regarding the Equity Incentive Plan as of December 31, 2010:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under Equity Incentive Plan
Equity Incentive Plan approved by Shareholders	2,868,933	\$2.35	3,058,076
Equity compensation plans not approved by Shareholders	-		-
Total	2,868,933		3,058,076

As of April 28, 2011, options for the purchase of 5,117,766 Class A Shares remained outstanding and 829,159 Class A Shares remained available for grant under the Plan. Since inception, 3,879,150 shares of restricted stock have been granted from the Plan and no SARs have been granted.

Options, SARs, and restricted shares granted under the Plan are generally granted at the fair market value of the Class A Shares. For purposes of the Plan, the "fair market value" is, subject to any applicable rules of the TSX or the NYSE Amex, the volume weighted average trading price or the U.S. dollar equivalent of the Class A Shares calculated by dividing the total value by the total volume of Class A Shares on the exchange where the majority of the trading volume and value of the Class A Shares occurs, for the five trading days immediately preceding the relevant date.

Currently there are 677,500 shares of restricted stock issued under the Equity Incentive Plan that remain unvested, representing 1.14% of the issued and outstanding Common Shares.

The Equity Incentive Plan enables the Company to grant stock options, restricted stock, and SARs as a non-cash integral component of compensation, thereby assisting in the preservation of the Company's cash asset. It also exposes the recipient to the volatility of the market value of the Class A Shares which is representative of the Company's results.

A SAR entitles the holder of the related option, upon exercise of the SAR, to surrender all or any portion of the option to the extent unexercised, and to receive payment of an amount determined by multiplying (i) the excess of the fair market value of the Class A Shares immediately preceding the date of exercise of the SAR over the option price under the related option, by (ii) the number of shares as to which such SAR has been exercised. However, the agreement under which the SAR is granted may limit in any manner the amount payable with respect to any SAR. Payment may be made by the Company in the form of Class A Shares, cash or a combination of Class A Shares and cash.

The maximum number of Class A Shares issuable to insiders:

- a) at any time, under all security based compensation arrangements, cannot exceed 10% of the outstanding Common Shares of the Company on the date of grant; and

b) within any one year period, under all security based compensation arrangements, cannot exceed 10% of the outstanding Common Shares on the date of grant.

Each option grant is limited to a maximum duration of 10 years from the time it is granted, except that an incentive stock option granted to a 10% Shareholder shall have a maximum duration of five years from the time it is granted and the vesting period is discretionary.

Restricted shares issued under the Plan may be subject to restrictions imposed by the Board, including restrictions on the sale, transfer, pledge or assignment of such shares. During the period of restriction, persons holding restricted shares granted pursuant to the Plan may exercise full voting rights and be entitled to all dividends and other distributions paid with respect to such shares.

No option is transferable by the optionee except by (i) will or by the laws of descent and distribution; (ii) a qualified domestic relations order (as defined in the Code or Title 1 of the Employee Retirement Income Security Act of 1974, as amended, or the rules thereunder); or (iii) gift to the optionholder's child(ren) or grandchild(ren), whether directly or indirectly or by means of a trust, partnership or otherwise.

All options are exercisable, during the optionholder's lifetime, only by the optionholder or by the optionholder's guardian, legal representative, or alternative payee pursuant to a qualified domestic relations order. References to "optionholder" in this description include the optionholder's guardian and legal representative named in the option agreement and any person to whom an option is transferred by will or the laws of descent and distribution, or pursuant to a qualified domestic relations order or a gift permitted by the Plan. Unlike the transfer provisions governing our other options, incentive stock options are only transferable by will or by the laws of descent and distribution.

The Plan also provides the following upon termination of employment with regard to the options outstanding at the date of termination:

Retirement - any then outstanding options under the Plan may be exercised at any time prior to the earlier of the expiration date of the outstanding options or 12 months after the date of retirement;

For cause - any then outstanding options become null and void;

Involuntary termination of employment - any then outstanding options that are vested at the time of termination may be exercised at any time prior to the earlier of the expiration date of the vested outstanding options or 30 days after the date of termination;

Voluntary termination of employment - any then outstanding options that are vested at the time of termination may be exercised at any time prior to the earlier of the expiration date of the vested outstanding options or 90 days after the date of termination.

The Board may, at any time and from time to time, modify, amend, suspend or terminate the Plan in any respect. Amendments to the Plan are subject to Shareholder approval to the extent required to comply with any rules and regulations of any stock exchange on which the Class A Shares are listed. Shareholder approval for the following types of amendments is not required:

- (a) amendments of a "housekeeping" nature;
- (b) a change in the vesting provisions of a security issued pursuant to the Equity Incentive Plan;

- (c) a change in the termination provisions of a security issued pursuant to the Equity Incentive Plan, which does not entail an extension beyond the original expiry date; and
- (d) the addition of a cashless exercise feature, payable in cash or securities, which provides for a net deduction of the number of underlying securities from the Equity Incentive Plan reserve.

Venezuelan Equity Incentive Plan

The Venezuelan Equity Incentive Plan (the “Venezuelan Plan”) provides for the issuance of up to a rolling 10% of the outstanding Common Shares of the Company, through the grant of “incentive stock options” and “non–statutory options” to purchase Class A Shares, SARs and restricted shares. Employees and consultants of the Company’s Venezuelan subsidiaries are eligible to receive grants under the Venezuelan Plan. The Board or a committee of the Board is responsible for the administration of the Venezuelan Plan. Pursuant to TSX requirements, the Venezuelan Plan must be re-approved by the Shareholders every three years. The Venezuelan Plan was approved by the Shareholders on June 10, 2008 and expires on April 10, 2018.

As of June 10, 2011, grants will no longer be allowed for issuance under the Venezuelan Plan and the Venezuelan Plan will remain in suspension until it is re-approved by the Shareholders. The Board has determined that it is not necessary at this point to have the Venezuelan Plan re-approved. The Venezuelan Plan will remain in suspension until the Board determines that there is adequate reason to have it re-approved by the Shareholders. In the meantime, stock options, and restricted shares that have already been granted can be exercised or issued in accordance with the current Venezuelan Plan. Previously issued stock options that are canceled or expire will not become available for re-allocation unless re-approved by the Shareholders.

The following table sets forth the information regarding the Venezuelan Equity Incentive Plan as of December 31, 2010:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under Venezuelan Equity Incentive Plan
Venezuelan Equity Incentive Plan approved by Shareholders	309,169	\$2.81	5,617,840
Equity compensation plans not approved by Shareholders	-	-	-
Total	309,169		5,617,840

As of April 28, 2011 options for the purchase of 884,169 Class A Shares remained outstanding and 5,062,756 Class A Shares remained available for grant under the Venezuelan Plan. Since inception, 271,000 restricted shares have been granted from the Venezuelan Plan and no SARs have been granted.

Options, SARs, and restricted shares granted under the Plan are generally granted at the fair market value of the Class A Shares. For purposes of the Plan, the “fair market value” is, subject to any applicable rules of the TSX or the NYSE Amex, the volume weighted average trading price or the U.S. dollar equivalent of the Class A Shares calculated by dividing the total value by the total volume of Class A Shares on the

exchange where the majority of the trading volume and value of the Class A Shares occurs, for the five trading days immediately preceding the relevant date.

Currently there are 110,000 shares of restricted stock issued under the Venezuelan Plan that remain unvested, representing 0.18% of the issued and outstanding Common Shares.

The Venezuelan Plan enabled the Company to grant stock options, restricted stock, and SARs as a non-cash integral component of compensation, thereby assisting in the preservation of the Company's cash asset. It also exposes the recipient to the volatility of the market value of the Class A Shares which is representative of the success of the Company.

A SAR entitles the holder of the related option, upon exercise of the SAR, to surrender all or any portion of the option to the extent unexercised, and to receive payment of an amount determined by multiplying (i) the excess of the fair market value of the Class A Shares immediately preceding the date of exercise of the SAR over the option price under the related option, by (ii) the number of shares as to which the SAR has been exercised. However, the agreement under which the SAR is granted may limit in any manner the amount payable with respect to any SAR. Payment may be made by the Company in the form of Class A Shares, cash or a combination of Class A Shares and cash.

Each option grant is limited to a maximum duration of 10 years from the time it is granted and the vesting period is discretionary.

Restricted shares issued under the Venezuelan Plan may be subject to restrictions imposed by the Board, including restrictions on the sale, transfer, pledge or assignment of such shares. During the period of restriction, persons holding restricted shares granted pursuant to the Venezuelan Plan may exercise full voting rights and be entitled to all dividends and other distributions paid with respect to such shares.

No option is transferable by the optionholder. All options are exercisable during the optionholder's lifetime, only by the optionholder or by the guardian or legal representative of the optionholder or its alternative payee pursuant to such qualified domestic relations order. For purposes of the description of the Venezuelan Plan the terms "holder" and "optionee" include the guardian and legal representative of the optionholder named in the option agreement.

The Venezuelan Plan also provides the following for termination of employment with regard to the options outstanding at the date of termination:

Retirement - any then outstanding options under the Venezuelan Plan may be exercised at any time prior to the earlier of the expiration date of the outstanding options or 12 months after the date of retirement.

For cause - any then outstanding options become null and void.

Involuntary termination of employment - any then outstanding options that are vested at the time of termination may be exercised at any time prior to the earlier of the expiration date of the vested outstanding options or 30 days after the date of termination.

Voluntary termination of employment - any then outstanding options that are vested at the time of termination may be exercised at any time prior to the earlier of the expiration date of the vested outstanding options or 90 days after the date of termination.

The Board may, at any time and from time to time, modify, amend, suspend or terminate the Venezuelan Plan without Shareholder approval and the Board has suspended the Venezuelan Plan as noted above.

Amendments to the Venezuelan Plan are subject to Shareholder approval to the extent required to comply with any rules and regulations of any stock exchange on which the Class A Shares are listed. Shareholder approval for the following types of amendments is not required:

- (a) amendments of a “housekeeping” nature;
- (b) a change in the vesting provisions of a security issued pursuant to the Venezuelan Plan;
- (c) a change in the termination provisions of a security issued pursuant to the Venezuelan Plan, which does not entail an extension beyond the original expiry date; and
- (d) the addition of a cashless exercise feature, payable in cash or securities, which provides for a net deduction of the number of underlying securities from the Venezuelan Plan reserve.

KSOP Plan

The Company’s subsidiary, Gold Reserve Corporation, maintains a KSOP Plan for the benefit of eligible employees. The KSOP Plan consists of two components– a salary reduction component (401(k)) and stock ownership component (ESOP). Eligible employees are those who have been employed for a period in excess of one year and who have worked at least 1,000 hours during the year in which any allocation is to be made.

Employee contributions to the 401(k) component of the KSOP Plan are limited in each year to the total amount of salary reduction the employee elects to defer during the year, which is limited in 2011 to \$16,500 (\$22,000 limit for participants who are 50 or more years of age, or who turn 50 during 2011).

Employer contributions, stated as a percentage of eligible compensation, are determined each year by the Board and allocations are made in the form of Class A Shares or by cash. The number of Class A Shares released for allocation is determined by multiplying the total eligible compensation by the contribution percentage approved by the Board and dividing that number by the average price of the Class A Shares remaining in the KSOP Plan for distribution. Employer contributions do not represent pension compensation. The employer contributions are disclosed under “Executive Compensation – Summary Compensation Tables”, under the column “All Other Compensation – KSOP Contributions”. All contributions, once made to the individual’s account under the KSOP Plan, are thereafter self-directed.

Total employer and employee annual contributions to an employee participating in both the 401(k) and ESOP components of the KSOP Plan are limited (in 2011) to a maximum of \$49,000 (\$54,500 limit for participants who are 50 or more years of age or who turn 50 during 2011). The annual dollar limit is an aggregate limit which applies to all contributions made under this plan or any other cash or deferral arrangements. For KSOP Plan year 2011 the Company has adopted a “Safe Harbor” contribution of 3% of eligible compensation.

Distributions from the KSOP Plan are not permitted before the participating employee reaches the age of 59 and six months, except in the case of death, disability, termination of employment by the Company or financial hardship. The employee stock ownership component of the KSOP Plan is qualified under Sections 421 and 423 of the U.S. Internal Revenue Code of 1986, as amended.

Allocated contributions to eligible KSOP Plan participants (12 participants for 2010) for plan years 2010, 2009, and 2008 were \$175,174, \$ 57,292, and \$269,679, respectively. All contributions were made in the

form of cash. As of December 31, 2010, 22,246 Class A Shares remained in the KSOP Plan to be allocated to KSOP Plan participants, representing less than 0.01% of the issued and outstanding Common Shares of the Company at that time.

Retention Units

The Company presently has a Director and Employee Retention Plan (the “Retention Plan”) for the primary purposes of: (1) attracting and retaining directors, management and personnel with the training, experiences, and ability to enable them to make a substantial contribution to the success of the business of the Company, (2) to motivate participants by means of growth-related incentives to achieve long range goals, (3) to further the identity of interests of participants with those of the Company’s stockholders through equity-base incentive opportunities and (4) to allow each participant to share in the value of the Company following the grant of retention units.

Under the Retention Plan, the Board or a committee thereof may grant retention units (the “Units”) to directors and certain key employees of the Company or its subsidiaries. Individuals become eligible to participate if the Board or a committee thereof determines that the individual can assist the Company to achieve corporate milestones, influence the growth of the Company, or that the individual’s performance warrants further incentive or reward. Current participants in the Retention Plan include all directors, officers, and the other employees, all of whom have signed award agreements.

The current vesting of the Units is based upon the occurrence of certain major corporate milestones: 50% upon successfully financing the Brisas project and 50% upon placing the Brisas project into production. The Units also become fully vested and payable upon a change of control. The Board is evaluating modifying the vesting provisions of the Units to more adequately reflect the current business objectives of the Company including successful arbitration, settlement of our dispute with Venezuela, reacquiring the rights to the Brisas Project and successful acquisition of a new business opportunity meeting specific parameters.

Subject to vesting provision, each Unit granted to participating directors and employees entitles such persons to receive a cash payment equal to the fair market value of one Class A Share (a) on the date the Unit was granted or (b) on the date any such participant becomes entitled to payment, whichever is greater.

No Units were granted to directors, executive officers, or employees in 2010. Upon Mr. Geyer’s resignation as Senior Vice President, 125,000 Units previously granted to Mr. Geyer under the Retention Plan were forfeited. As of December 31, 2010, an aggregate of 1,607,500 unvested Units have been granted to directors and executive officers; 315,000 Units have been granted to other employees. The aggregate value of the outstanding awards as of December 31, 2010 was \$8,405,200.

TERMINATION AND CHANGE OF CONTROL BENEFITS

Termination of Employment, Change in Responsibilities and Employment Contracts

At this time, there are no written employment agreements between the Company and the Named Executive Officers.

The Company does maintain Change of Control Agreements with each of the Named Executive Officers, which were implemented by the Board to induce the Named Executive Officers to remain with the Company in the event of a change of control. The Board believes these individuals' familiarity and long-standing involvement with the Brisas project are important assets to the Company and their continued employment is important to resolve the dispute with Venezuela. The loss of their continued services could have a detrimental impact on the successful outcome of the arbitration, potential settlement of the dispute, and the successful sale of assets associated with the Brisas Project.

Existing Change of Control Arrangements with Executive Officers

Beginning in 2003, the Company entered into Change of Control Agreements with each of the Named Executive Officers and three other employees. Other than as disclosed herein, no other executive officers, directors or affiliates of the Company have Change of Control Agreements with the Company.

A Change of Control means one or more of the following: the acquisition by any individual, entity or group, of beneficial ownership of the Company of 25 percent of the voting power of the outstanding Common Shares; a change in the composition of the Board that causes less than a majority of the current directors to be members of the incoming board; reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company; liquidation or dissolution of the Company; or any other event the Board reasonably determines constitutes a Change of Control.

Pursuant to the Change of Control Agreements, in the event of a change of control of the Company each participant is entitled to, among other things, continue employment with Gold Reserve Corporation and, if the participant's employment is terminated within 12 months following the change of control for any reason other than termination by the Company for cause, such individual will be entitled to receive, among other things:

- An amount equal to 24 times his or her monthly salary (36 times for Mr. Timm and Mr. Belanger), determined as of the date immediately prior to termination or the Change of Control, whichever is greater (the change of control time period of 24 months compared to 36 months is based primarily on seniority of position and responsibility and length of service with the Company);
- An amount equal to two years of the Company's KSOP contributions (based upon the maximum allowable allocation pursuant to applicable law and the participant's annual salary immediately prior to his or her termination date or the Change of Control, whichever is greater);
- An amount equal to the aggregate of all bonuses received during the 12 months prior to his or her termination date, plus any amounts required to be paid in connection with unpaid vacation time;

- A payment equal to two times the monthly premium for maintenance of health, life, accidental death and dismemberment, and long term disability insurance benefits for a period of 36 months;
- Cause all equity awards or equity-based awards (including options and restricted shares) granted to the participant to become fully vested and unrestricted;
- At the election of the participant, the buy-out of the cash value of any unexercised options based upon the amount by which the weighted average trading price of the Class A Shares for the last five days preceding the date the participant makes such election exceeds the exercise price of the options; and
- A payment equal to the value of the participant's vested retention units in accordance with the Retention Plan.

As further discussed in the following two paragraphs, the participants are entitled to receive certain "gross-up payments" (that is, an excess parachute gross-up payment and a deferred compensation gross-up payment) if payments that he or she receives are subject to the excise tax under Code Section 4999 on excess parachute payments or the additional tax and interest factor tax under Code Section 409A on deferred compensation. The intent of these gross-up payments is to put the participant in the same position, after tax, that he or she would have been in if the payments that the participant received had not been subject to the excise and additional taxes.

The Change of Control Agreements also provide for a gross-up payment if any payment made to or for the benefit of a participant ("Excess Parachute Payment") would be subject to the excise tax imposed by Code Section 4999, or any interest or penalties are incurred by the participant with respect to such excise tax. The Company will pay to the participant an additional payment ("Excess Parachute Gross-Up Payment") in an amount such that after payment by the participant of all taxes on the Excess Parachute Gross-Up Payment, the participant retains an amount of the Excess Parachute Gross-Up Payment equal to the excise tax (and any interest or penalties) imposed upon the participants Excess Parachute Payment.

The Change of Control Agreements further provide for a gross-up payment if any payment made to or for the benefit of a participant ("Deferred Compensation Payment") would be subject to the additional tax or additional interest on any underpayment of tax imposed by Code Section 409A, or any interest or penalties are incurred by the participant with respect to such additional tax or underpayment of tax. The Company will pay to the participant an additional payment ("Deferred Compensation Gross-Up Payment") in an amount such that after payment by the participant of all taxes on the Deferred Compensation Gross-Up Payment, the participant retains an amount of the Deferred Compensation Gross-Up Payment equal to the additional tax and additional interest on any underpayment of tax (and any interest or penalties) imposed upon the participant's Deferred Compensation Payment.

Payments may be delayed six months under Code Section 409A. In the event of such a delay, the delayed payments will be made to a rabbi trust. Upon the completion of the six-month delay period, the payments held in the rabbi trust will be paid to the participant plus interest at the prime rate. The Company will pay all costs associated with the rabbi trust.

Participants would have been entitled to collectively receive an aggregate of approximately \$13,622,774 if a Change of Control had occurred on December 31, 2010. This amount assumes all persons with Change of Control Agreements elect the buy-out of their options as described above. For purposes of such calculation, Gold Reserve assumed the election was made on December 31, 2010, which resulted in share

price of \$1.81 per share. This amount was determined exclusive of any gross-up payments, which payments could be substantial depending on the tax position of each individual.

The following table represents the estimated payout for employees (7) holding Change of Control Agreements at December 31, 2010. These amounts were determined exclusive of any gross-up payments, which could be substantial depending on the tax position of each individual.

AUDIT COMMITTEE INFORMATION

Audit Committee Charter

The Audit Committee of the Board operates within a written mandate, as approved by the Board, which describes the Committee's objectives and responsibilities. The full text of the Audit Committee Charter, as amended as of May 14, 2008, is attached as Appendix A to this Circular.

Membership and Role of the Audit Committee

The Audit Committee consists of Chris D. Mikkelsen (Chairman), Jean Charles Potvin, and Patrick D McChesney. The Board has determined each member of the Audit Committee to be "independent" and "financially literate" as such terms are defined under Canadian securities laws. Further, each member of the Audit Committee satisfies the definition of "independent director" as established in the NYSE Amex listing standards and SEC rules. In addition, each member of the Audit Committee is financially literate and the Board has determined that Chris D. Mikkelsen qualifies as an audit committee "financial expert" as defined by SEC and NYSE rules. The Board has made these determinations based on the education and experience of each member of the Committee.

The Audit Committee met four times during 2010 at which attendance, in person or by phone, averaged 100%. The Audit Committee's principal functions are to assist the Board in fulfilling its oversight responsibilities, and to specifically review: (i) the integrity of our financial statements; (ii) the independent auditor's qualifications and independence; (iii) the performance of our system of internal audit function and the independent auditor; and (iv) our compliance with laws and regulations, including disclosure controls and procedures. During 2010, the Audit Committee worked with management, our internal auditor and our independent auditor to address Sarbanes-Oxley Section 404 internal control requirements.

The Audit Committee reviews our financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements, the reporting process and maintaining an effective system of internal control over financial reporting. Our independent auditors are engaged to audit and express opinions on the conformity of our financial statements to accounting principles generally accepted in the United States, and the effectiveness of our internal control over financial reporting.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the year ended December 31, 2010, together with the related results of management's assessment of the internal control over financial reporting with management and the independent auditor. The Audit Committee has discussed with the independent auditor the matters required to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit Committees), as amended. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board for independent auditor communications with Audit Committees concerning independence, as may be modified or

supplemented, and has discussed with the independent auditor the independent auditor's independence. The Audit Committee meets with the internal auditor and independent auditor, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting. The Audit Committee has considered whether the independent auditor's provision of non-audit services to us is compatible with the auditor's independence.

Based on the Audit Committee's review and discussions noted above, the Audit Committee recommended to the Board that our audited financial statements be included in the Annual Report for the fiscal year ended December 31, 2010, for filing with the SEC.

Pre-approval Policies and Procedures

The Company's Audit Committee has adopted policies and procedures for the pre-approval of services performed by the Company's external auditors, with the objective of maintaining the independence of the external auditors. The Company's policy requires that the Audit Committee pre-approve all audit, audit-related, tax and other permissible non-audit services to be performed by the external auditors, including all engagements of the external auditors with respect to the Company's subsidiaries. Prior approval of engagements for services other than the annual audit may, as required, be approved by the Chair of the Committee with the provision that such approvals be brought before the full Committee at its next regular meeting. The Company's policy sets out the details of the permissible non-audit services consistent with the independence requirements of the United States Sarbanes-Oxley Act of 2002 and the Canadian independence standards for auditors. The Chief Financial Officer presents the details of any proposed assignments of the external auditor for consideration by the Audit Committee. The procedures do not include delegation of the Audit Committee's responsibilities to management of the Company.

NOMINATING COMMITTEE INFORMATION

Nominating Committee Charter

The Nominating Committee currently has no written charter.

Membership and Role of the Nominating Committee

The Nominating Committee is composed of the following three (3) directors:

James H. Coleman

Chris D. Mikkelsen

Jean Charles Potvin

The Board had determined each member of the Nominating Committee satisfies the definition of "independent director" as established in the NYSE Amex listing standards and SEC rules.

The Nominating Committee assists the Board in fulfilling its responsibilities with respect to the composition of the Board, including recommending candidates for election or appointment as director of the Company.

In considering and identifying new candidates for Board nomination, the Board, where relevant, addresses succession and planning issues; identifies the mix of expertise and qualities required for the Board; assesses the attributes new directors should have for the appropriate mix to be maintained; arranges for each candidate to meet with the Board Chair and the CEO; recommends to the Board as a whole proposed nominee(s) and arranges for their introduction to as many Board members as practicable; and encourages diversity in the composition of the Board.

CORPORATE GOVERNANCE

The TSX requires listed corporations to disclose their approach to corporate governance. The Company's disclosure in this regard is set out in Appendix B to this Circular.

Board Leadership Structure

Currently, the positions of Chairman of the Board and Chief Executive Officer are separate. Our Board does not have a policy on whether these roles should be separate or combined, but believes that the most effective leadership model for the Company at this time is to have these roles separated. Our current Chairman is independent and is responsible for providing leadership to the Board. In addition, having a separate Chairman and Chief Executive Officer allows Board members to raise issues without involving senior management, allows the Chairman to serve as a liaison between the Board and senior management, and allows the Chief Executive Officer to devote his time and focus to the management of the Company. The Board retains flexibility to determine whether these roles should be separate or combined in one individual in the future.

Risk Oversight

The various committees of the Board assist the Board in its responsibility for oversight of risk management. In particular, the Audit Committee focuses on major financial risk exposures, the steps management has taken to monitor and control such risks, and, if appropriate, discusses with the independent auditor the guidelines and policies governing the process by which senior management and the relevant departments of the Company assess and manage the Company's financial risk exposure and operational/strategic risk. We believe this arrangement maximizes the risk oversight benefit while providing for an appropriate leadership structure.

Communication with Board Members

Any Shareholder or other interested party that desires to communicate with the Board of Directors or any of its specific members, including the chairman or the non-management directors as a group, should send their communication to the Secretary, Gold Reserve Inc., 926 W. Sprague Avenue, Suite 200, Spokane, Washington 99201. All such communications will be forwarded to the appropriate members of the Board.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as set forth in this Circular, no proposed nominee for election as a director of the Company and no person who has been a director or senior officer of the Company at any time since the beginning of the last financial year, nor any associate or affiliate of any of the foregoing, has any material interest, directly or indirectly, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon.

INCORPORATION BY REFERENCE

The Audit Committee Report and the Compensation Committee Report contained in this proxy statement are not deemed to be soliciting material or filed with the SEC and shall not be deemed incorporated by reference into any prior or future filings we make under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that we specifically incorporate any of this information by reference. Information contained in or connected to our website is not incorporated by reference into this proxy statement and should not be considered part of this proxy statement or any other filing that we make with the SEC.

SECTION 16 BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who beneficially own more than ten percent (10%) of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of the Company's equity securities. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no Forms 5 were required for those persons, the Company believes that all reporting requirements under Section 16(a) for the fiscal year ended December 31, 2010, were met in a timely manner by its directors, executive officers, and greater than ten percent (10%) beneficial owners.

SHAREHOLDER PROPOSALS

Rule 14a-8 under the Exchange Act addresses when a company must include a Shareholder's proposal in its proxy statement and identify the proposal in its form of proxy when the company holds a meeting of Shareholders. Under Rule 14a-8, in order for your proposals to be considered for inclusion in the proxy statement and proxy card relating to our 2012 Annual General Meeting, your proposals must be received by us by December 31, 2011, and must otherwise comply with Rule 14a-8.

Under s. 138(5) of the Yukon Business Corporations Act, a corporation is not required to comply with the requirements to put forward a shareholder proposal if the proposal is not submitted to the corporation at least 90 days before the anniversary date of the previous annual meeting of the shareholders. The deadline under this rule for shareholder proposals at the 2012 Annual General Meeting is March 11, 2012.

HOUSEHOLDING

The SEC permits a single proxy statement to be sent to any household at which two or more Shareholders reside if they appear to be members of the same family. Each Shareholder continues to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information Shareholders receive and reduces mailing and printing expenses. A number of brokerage firms have instituted householding.

As a result, if you hold your shares through a broker and you reside at an address at which two or more Shareholders reside, you will likely be receiving only one proxy statement unless any Shareholder at that address has given the broker contrary instructions. However, if any such beneficial Shareholder residing at such an address wishes to receive a separate proxy statement in the future, or if any such beneficial Shareholder that elected to continue to receive separate proxy statement wishes to receive a single proxy statement in the future, that Shareholder should contact their broker or send a request to us at 926 W. Sprague Avenue, Suite 200, Spokane, Washington 99201. Telephone requests may be directed to (509) 623-1500. We will deliver, promptly upon written or oral request to us, a separate copy of this proxy statement to a beneficial Shareholder at a shared address to which a single copy of the documents was delivered.

ANY OTHER MATTERS

Management of the Company knows of no matters to come before the Meeting other than those referred to in the Notice of Annual Meeting of Shareholders accompanying this Circular. However, if any other matters properly come before the Meeting, it is the intention of the persons named in the form of proxy accompanying this Circular to vote the same in accordance with their best judgment of such matters.

APPENDIX A

CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Purpose

The primary purposes of the Audit Committee (the “Committee”) are to oversee on behalf of the Board of Directors (“Board”) of Gold Reserve Inc. (the “Company”):

- the Company’s accounting and financial reporting processes and the integrity of its financial statements;
- the audits of the Company’s financial statements and the appointment, compensation, qualifications, independence and performance of the Company’s independent auditors; and
- the Company’s compliance with legal and regulatory requirements.

The Committee also has the purpose of preparing the financial report that rules of the U.S. Securities and Exchange Commission (the “SEC”) or the Ontario Securities Commission (the “OSC”) require the Company to include in its annual proxy or information statement and Annual report with the SEC and/or its equivalent filed with the OSC.

The Committee’s function is one of oversight only and does not relieve management of its responsibilities for preparing financial statements that accurately and fairly present the Company’s financial results and condition, nor the independent auditors of their responsibilities relating to the audit or review of financial statements.

Organization

The Committee shall consist of at least three directors. The Board shall designate a Committee member as the chairperson of the Committee, or if the Board does not do so, the Committee members shall appoint a Committee member as chairperson by a majority vote of the authorized number of Committee members.

All Committee members shall be “independent,” as defined and to the extent required in the applicable SEC and OSC rules and American Stock Exchange (“AMEX”) and Toronto Stock Exchange (“TSX”) listing standards and applicable laws and regulations, as they may be amended from time to time (collectively, such SEC and exchange requirements are referred to as the “listing standards”), for purposes of audit committee membership.

Notwithstanding the foregoing, one director who is not independent as defined by the AMEX listing standards, but who satisfies the requirements of Rule 10A-3 under the Securities Exchange Act of 1934, and is not a current officer or employee or an immediate family member of such officer or employee, may be appointed to the Committee if the Board, under exceptional and limited circumstances, determines that membership on the Committee by the individual is in the best interests of the Company and its shareholders, and the Board discloses, in the next periodic filing made with the SEC subsequent to such determination, the nature of the relationship and the reasons for that determination; provided, however, that any such non-independent Committee member may only serve on the Committee for two (2) years and may not serve as the chairperson of the Committee.

Each Committee member shall be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement, and cashflow statement upon appointment to the Committee. At all times there shall be at least one member of the Committee who, in the Board's business judgment, is an audit committee "financial expert" as defined in the SEC rules and is "financially sophisticated" as defined in the AMEX listing standards.

Subject to the requirements of the listing standards, the Board may appoint and remove Committee members in accordance with the Company's by-laws. Committee members shall serve for such terms as may be fixed by the Board, and in any case at the will of the Board whether or not a specific term is fixed.

Independent Auditors and Their Services

The Committee shall have the sole authority and direct responsibility for the appointment, compensation, retention, termination, evaluation and oversight of the work of the independent auditors engaged by the Company for purposes of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company. The independent auditors shall report directly to the Committee. The Committee's authority includes the resolution of disagreements between management and the auditors regarding financial reporting.

The Committee shall pre-approve all audit, review, attest and permissible non-audit services to be provided to the Company or its subsidiaries by the independent auditors. The Committee may establish pre-approval policies and procedures in compliance with applicable listing standards. The Committee shall obtain and review, at least annually, a report by the independent auditors describing:

- the firm's internal quality-control procedures; and
- any material issues raised by the most recent internal quality-control review, or peer review, of the auditing firm or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.

In addition, the Committee's annual review of the independent auditors' qualifications shall also include the review and evaluation of the lead partner of the independent auditors for the Company's account, and evaluation of such other matters as the Committee may consider relevant to the engagement of the auditors, including views of company management and internal finance employees, and whether the lead partner or auditing firm itself should be rotated.

Annual Financial Reporting

As often and to the extent the Committee deems necessary or appropriate, but at least annually in connection with the audit of each fiscal year's financial statements, the Committee shall:

1. Review and discuss with appropriate members of management the annual audited financial statements, related accounting and auditing principles and practices, and (when required of management under the applicable listing standards) management's assessment of internal control over financial reporting.
2. Timely request and receive from the independent auditors the report required (along with any required update thereto) pursuant to applicable listing standards prior to the filing of an audit report, concerning:
 - all critical accounting policies and practices to be used;

- all alternative treatments of financial information within generally accepted accounting principles for policies and practices relating to material items that have been discussed with company management, including ramifications of the use of such alternative disclosures and treatments and the treatment preferred by the independent auditors; and
 - other material written communications between the independent auditors and company management, such as any management letter or schedule of unadjusted differences.
3. Discuss with the independent auditors the matters required to be discussed by AICPA Statement on Auditing Standards No. 61, including such matters as:
 - the quality and acceptability of the accounting principles applied in the financial statements;
 - new or changed accounting policies, and significant estimates, judgments, uncertainties or unusual transactions;
 - the selection, application and effects of critical accounting policies and estimates applied by the Company;
 - issues raised by any “management” or “internal control” letter from the auditors, problems or difficulties encountered in the audit (including any restrictions on the scope of the work or on access to requested information) and management’s response to such problems or difficulties, significant disagreements with management, or other significant aspects of the audit; and
 - any off-balance sheet transactions, and relationships with any unconsolidated entities or any other persons, which may have a material current or future effect on the financial condition or results of the Company and are required to be reported under SEC rules.
 4. Review and discuss with appropriate members of management the Company’s intended disclosures under “Management’s Discussion and Analysis of Financial Condition and Results of Operations” (or equivalent disclosures) to be included in the Company’s Annual Report filed with the SEC and the OSC.
 5. Receive from the independent auditors a formal written statement of all relationships between the auditors and the Company consistent with Independence Standards Board Standard No. 1.
 6. Actively discuss with the independent auditors any disclosed relationships or services that may impact their objectivity and independence, and take any other appropriate action to oversee their independence.

Quarterly Financial Reporting

The Committee’s quarterly review shall normally include:

1. Review and discuss the quarterly financial statements of the Company and the results of the independent auditors’ review of these financial statements with appropriate members of management.
2. Review and discuss with Company management and, if appropriate, the independent auditors, significant matters relating to:

- the quality and acceptability of the accounting principles applied in the financial statements;
 - new or changed accounting policies, and significant estimates, judgments, uncertainties or unusual transactions;
 - the selection, application and effects of critical accounting policies and estimates applied by the Company; and
 - any off-balance sheet transactions and relationships with any unconsolidated entities or any other persons which may have a material current or future effect on the financial condition or results of the Company and are required to be reported under SEC rules.
3. Review and discuss with appropriate members of management the Company's intended disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations" (or equivalent disclosures) to be included in the Company's quarterly reports filed with the SEC and the OSC.

Other Functions

The Committee shall review and assess the adequacy of this charter annually, recommend any proposed changes to the full Board and, to the extent required by the listing standards, certify annually to any AMEX, TSX or other listing market that the Committee reviewed and assessed the adequacy of the charter.

The Committee shall discuss with management earnings press releases (including the type and presentation of information to be included, paying particular attention to any use of "pro forma" or "adjusted" non-GAAP information), and financial information and earnings guidance provided to analysts and rating agencies. This may be conducted generally as to types of information and presentations, and need not include advance review of each release or other information or guidance.

The Committee, to the extent it deems necessary or appropriate, shall periodically review with management the Company's disclosure controls and procedures, internal control over financial reporting and systems and procedures to promote compliance with applicable laws.

The Committee shall periodically:

- inquire of management and the independent auditors about the Company's major financial risks or exposures;
- discuss the risks and exposures and assess the steps management has taken to monitor and control the risks and exposures; and
- discuss guidelines and policies with respect to risk assessment and risk management.

The Committee shall conduct any activities relating to the Company's code(s) of conduct and ethics as may be delegated, from time to time, to the Committee by the Board.

The Committee shall establish and maintain procedures for:

- the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters; and

- the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

If the Committee so determines, the confidential, anonymous submission procedures may also include a method for interested parties to communicate directly with non-management directors.

It is the Company's policy that the Company shall not enter into transactions required to be disclosed under item 404 of the Securities and Exchange Commission's Regulation S-K or other applicable Canadian requirements unless the Committee first reviews and approves such transactions.

The Committee shall review and take appropriate action with respect to any reports to the Committee from internal or external legal counsel engaged by the Company concerning any material violation of securities law or breach of fiduciary duty or similar violation by the Company, its subsidiaries or any person acting on their behalf.

The Committee shall, from time to time as necessary, review the effect of regulatory and accounting initiatives on the financial statements of the Company. In addition, the Committee, as it considers appropriate, may consider and review with the full Board, company management, internal or external legal counsel, the independent auditors or any other appropriate person any other topics relating to the purposes of the Committee which may come to the Committee's attention.

The Committee may perform any other activities consistent with this charter, the Company's corporate governance documents and applicable listing standards, laws and regulations as the Committee or the Board considers appropriate.

Meetings, Reports and Resources

The Committee shall meet as often as it determines is necessary, but not less than quarterly. The Committee shall meet separately with management and independent auditors. In addition, the Committee may meet with any other persons, as it deems necessary.

The Committee may establish its own procedures, including the formation and delegation of authority to subcommittees, in a manner not inconsistent with this charter, the by-laws or the listing standards. The chairperson or a majority of the Committee members may call meetings of the Committee. A majority of the authorized number of Committee members shall constitute a quorum for the transaction of Committee business, and the vote of a majority of the Committee members present at a meeting at which a quorum is present shall be the act of the Committee, unless in either case a greater number is required by this charter, the by-laws or the listing standards. The Committee shall keep written minutes of its meetings and deliver copies of the minutes to the corporate secretary for inclusion in the Company's corporate records.

The Committee shall prepare any audit committee report required to be included in the Company's annual meeting proxy or information statement, and report to the Board on the other matters relating to the Committee or its purposes, as required by the listing standards. The Committee shall also report to the Board annually the overall results of its annual review of the independent auditors' qualifications, performance and independence. The Committee shall also report to the Board on the major items covered by the Committee at each Committee meeting, and provide additional reports to the Board as the Committee may determine to be appropriate, including review with the full Board of any issues that arise from time to time with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the independent auditors.

The Committee is at all times authorized to have direct, independent and confidential access to

the independent auditors and to the Company's other directors, management and personnel to carry out the Committee's purposes. The Committee is authorized to conduct or authorize investigations into any matters relating to the purposes, duties or responsibilities of the Committee.

As the Committee deems necessary to carry out its duties, it is authorized to select, engage (including approval of the fees and terms of engagement), oversee, terminate, and obtain advice and assistance from outside legal, accounting, or other advisers or consultants. The company shall provide for appropriate funding, as determined by the Committee, for payment of:

- compensation to the independent auditors for their audit and audit-related, review and attest services;
- compensation to any advisers engaged by the Committee; and
- ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

Nothing in this charter is intended to preclude or impair the protection provided under corporation law for good faith reliance by members of the Committee on reports or other information provided by others.

APPENDIX B
STATEMENT OF CORPORATE GOVERNANCE PRACTICES

In this Appendix are the Company's corporate governance practices in accordance with Canadian National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("NI 58-101"), and Canadian National Policy 58-201 – *Corporate Governance Guidelines* ("NP 58-201"), which came into force in Canada on June 30, 2005. The Company's Board has reviewed this disclosure of the Company's corporate governance practices.

Disclosure Requirement under Form 58-101F1	Company's Governance Practices
1. (a) Disclose the identity of directors who are independent.	The Board of Directors (the "Board") of the Company believes that Messrs. Coleman, McChesney, Mikkelsen, and Potvin are "independent" within the meaning of section 1.4 of Canadian National instrument 52-110 – <i>Audit Committees</i> ("NI 52-110") and section 1.2 of NI 58-101, as none of them is, or has been within the last three years, an executive officer or employee of the Company or party to any material contract with the Company and none of them receive remuneration from the Company in excess of directors' fees and grants of stock options. The Board believes that the four Directors are free from any interest and any business or other relationship that could, or could reasonably be perceived to, materially interfere with their ability to act independently from management or to act as a director with a view to the best interests of the Company, other than interests and relationships arising from shareholdings.
(b) Disclose the identity of directors who are not independent, and describe the basis for that determination.	Two Directors, Mr. Timm, and Belanger, are employees of the Company and therefore not considered independent. Mr. Geyer resigned his position as Senior Vice President during 2010 however he continues to be regarded as not-independent.
(c) Disclose whether or not a majority of directors are independent. If a majority of directors are not independent, describe what the	Four of seven, approximately 57.1% of the Company's current Directors, are independent.

board of directors (the board) does to facilitate its exercise of independent judgement in carrying out its responsibilities.

- (d) If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.
- (e) Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year. If the independent directors do not hold such meetings, describe what the board does to facilitate open and candid discussion among its independent directors.
- (f) Disclose whether or not the chair of the board is an independent director. If the board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the board has neither a chair that is independent nor a lead director that is independent, describe what the board does to provide leadership for its independent directors.
- (g) Disclose the attendance record of each director for all board meetings held since the beginning of the issuer's most recently completed financial year.

Such other directorships have been disclosed in "Business of the Meeting - Item 1 - Election of Directors" section of this Circular.

The Board has not adopted a formal policy for the independent Directors to meet without management present before and after each regularly scheduled meeting of the Board. Without management present, the independent Directors met on three occasions, in person or by telephone during 2010 and are expected to continue to meet on a regular basis. These sessions are of no fixed duration and participating Directors are encouraged to raise and discuss any issues of concern.

The Board has appointed James H. Coleman as its Chairman. Mr. Coleman is an independent director of the Company. One of his responsibilities is to oversee the Board processes so that it operates efficiently and effectively in carrying out its duties and to act as liaison between the Board and management.

The Board held 12 formal meetings during 2010 at which attendance, in person or by phone, averaged 87%. Various matters were considered and approved by written resolution during

The Board does not have a written mandate. The Board is responsible for supervising the conduct of the Company's affairs and the management of its business. To assist the Board in implementing key policies, the Board delegates some of its responsibility to committees. Although the Board has delegated to management responsibility for the day-to-day operations of the Company, the Board has ultimate responsibility for the stewardship of the Company.

Strategic planning is at the forefront of deliberations at meetings of the Board. Management is responsible for the development of overall corporate strategies. These strategies are under constant review by the Board and senior management.

The Board's duties include overseeing strategic planning, reviewing and assessing principal risks to the Company's business and approving risk management strategies.

The Board ensures that an appropriate risk assessment process is in place to identify, assess and manage the principal risks of the Company's business. Management reports regularly to the Board in relation to principal risks, which potentially could affect the Company's business activities.

The Board reviews and approves, for release to Shareholders, quarterly and annual reports on the performance of the
