The Company may pay brokers, nominees or other persons holding Class A common shares of the Company (the “Class A Shares”) in their name for others for their reasonable charges and expenses in forwarding proxies and proxy materials to beneficial owners of such Class A Shares, and obtaining their proxies. The Company may also retain independent proxy solicitation agents to assist in the solicitation of proxies for the Meeting. The cost of solicitation by management will be borne by the Company. Except where otherwise stated, the information contained herein is given as of October 5, 2022.

APPOINTMENT AND REVOCATION OF PROXIES

The individuals named in the enclosed form of proxy are directors and/or officers of the Company. A Shareholder (as defined below) submitting a proxy has the right to appoint a person or company, who need not be a Shareholder, to represent the Shareholder at the Meeting other than the persons designated in the form of proxy furnished by the Company. To exercise this right, the Shareholder may either (i) insert the name of the desired representative in the blank space provided in the form of proxy attached to this Circular or (ii) submit another appropriate form of proxy permitted under applicable law.

The completed proxy will be deemed valid when deposited at the office of Proxy Services, c/o Computershare Investor Services, P.O. Box 505000, Louisville, KY 40233 not later than 48 hours preceding the Meeting or any adjournment or postponement thereof, or with the Chairman of the Meeting immediately prior to the commencement of the Meeting or any adjournment or postponement thereof, otherwise the instrument of proxy will be invalid.

See “*Voting by Non-Registered Shareholders*” below for a discussion of how non-registered Shareholders (i.e. Shareholders that hold their Class A Shares through an account with a bank, broker or other nominee in “street name”) may appoint proxies.

You may revoke or change your proxy at any time before it is exercised at the Meeting. In the case of Shareholders appearing on the registered shareholder records of the Company, a proxy may be revoked at any time prior to its exercise by delivering a written notice of revocation or another signed proxy bearing a later date to the Secretary of the Company at its principal executive office located at 999 W. Riverside Avenue, Suite 401, Spokane, Washington 99201, USA not later than 48 hours preceding the Meeting or any adjournment or postponement thereof. You may also revoke your proxy by giving notice or by voting in person at the Meeting; your attendance at the Meeting, by itself, is not sufficient to revoke your proxy. The time limit for deposit of proxies may be waived or extended by the Chairman of the Meeting at his discretion, without notice.

Shareholders that hold their Class A Shares through an account with a bank, broker or other nominee should follow the instructions provided by their bank, broker or nominee in revoking their previously deposited proxies.

EXERCISE OF DISCRETION BY PROXIES

The Class A Shares represented by the proxy will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the Class A Shares will be voted accordingly. IN THE ABSENCE OF SUCH CHOICE BEING SPECIFIED, SUCH CLASS A SHARES WILL BE VOTED “FOR” THE MATTERS SPECIFICALLY IDENTIFIED IN THE NOTICE OF ANNUAL GENERAL MEETING OF SHAREHOLDERS ACCOMPANYING THIS CIRCULAR.

The persons named in the enclosed proxy will have discretionary authority with respect to any amendments or variations of the matters of business to be acted on at the Meeting or any other matters properly brought before the Meeting or any adjournment or postponement thereof, in each instance, to the extent permitted by law, whether or not the amendment, variation or other matter that comes before the Meeting is routine and whether or not the amendment, variation or other matter that comes before the Meeting is contested. **If any other matters are properly presented for consideration at the Meeting, or if any of the identified matters are amended or modified, the individuals named as proxies on the enclosed form of proxy will vote the Class A Shares that they represent on those matters as recommended by management of the Company. If management of the Company does not make a recommendation, then they will vote in accordance with their best judgment.** At the time of printing this Circular, the management of the Company knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Annual General Meeting of Shareholders.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company's issued and outstanding shares consist of Class A Shares. Holders of Class A Shares (the “**Shareholders**”) are entitled to one vote per share and may vote on all matters to be considered and voted upon at the Meeting or any adjournment or postponement thereof. The Company has set the close of business on September 28, 2022 (the “**Record Date**”) as the record date for the Meeting. As of the Record Date, there were 99,547,710 issued and outstanding Class A Shares.

The Company will prepare a list of Shareholders of record at the Record Date. Shareholders will be entitled to vote the Class A Shares then registered in their name at the Meeting except to the extent that (a) the Shareholder has transferred the ownership of any Class A Shares after the Record Date but before the Meeting, and (b) the transferee of those Class A Shares, in accordance with the *Business Corporations Act* (Alberta) (the “**ABCA**”), produces properly endorsed share certificates, or otherwise establishes ownership of the Class A Shares, and demands, not later than 10 days before the Meeting, that the transferee's name be included in the list of persons entitled to vote at the Meeting, in which case the transferee will be entitled to vote the Class A Shares at the Meeting or any adjournment or postponement thereof.

To the knowledge of the directors and executive officers of the Company, as of the Record Date, the only persons, firms or corporations that beneficially owned, or exercised control or direction, directly or indirectly, over more than 10% of the voting rights attached to the Class A Shares were:

- (1) Based on the number of Class A Shares outstanding on the Record Date.
- (2) The number of Class A Shares held is based on publicly available information filed with the U.S. Securities and Exchange Commission last filed on August 24, 2017.
- (3) The number of Class A Shares held is based on publicly available information filed with the U.S. Securities and Exchange Commission last filed on August 17, 2022.
- (4) Mr. Michael Johnston, a director of the Company, is a member and portfolio manager of Steelhead Partners, LLC (“**Steelhead**”), which acts as investment manager of Steelhead Navigator Master, L.P. and another client account that together hold 10,099,924 Class A Shares. As such, Mr. Johnston may be deemed to beneficially own the shares owned by these client accounts, as he may be deemed to have the power to direct the voting or disposition of these shares. Otherwise, Mr. Johnston disclaims beneficial ownership of these securities. The number of Class A Shares held is based on publicly available information filed with the U.S. Securities and Exchange Commission last filed on May 24, 2022.

A quorum for the transaction of business at any meeting of Shareholders shall be at least two persons present in person, each being a Shareholder entitled to vote thereat or a duly appointed proxy or representative for an absent Shareholder so entitled to vote thereat, and representing, in the aggregate, not less than five percent (5%) of the outstanding shares of the Company carrying voting rights at the meeting; *provided that*, if there should be only one Shareholder entitled to vote at any meeting of Shareholders, the quorum for the transaction of business at the meeting of Shareholders shall consist of such Shareholder. Except as may otherwise be stated in this Circular, the affirmative vote of a majority of the votes cast with respect to an item or proposal at the Meeting (an ordinary resolution) is required to approve all items scheduled to come before the Meeting and presented in this Circular.

VOTING BY NON-REGISTERED SHAREHOLDERS

Only registered Shareholders at the close of business on the Record Date or the persons they designate as their proxies are permitted to vote at the Meeting. In many cases, however, the Class A Shares owned by a person (a “**non-registered Shareholder**”) are registered either: (a) in the name of an intermediary (an “**Intermediary**”) that the non-registered Shareholder deals with in respect of the Class A Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered registered savings plans, registered retirement income funds, registered education savings plans and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators, the Company has distributed copies of this Circular and the accompanying Notice of Annual General Meeting of Shareholders and form of proxy (collectively, the “**Meeting Materials**”) to the clearing agencies and Intermediaries for distribution to non-registered Shareholders of Class A Shares.

Intermediaries are required to forward the Meeting Materials to non-registered holders unless a non-registered Shareholder has waived the right to receive them. Intermediaries will often use service companies to forward the Meeting Materials to non-registered Shareholders. Generally, non-registered Shareholders who have not waived the right to receive the Meeting Materials will either:

- (a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number and class of securities beneficially owned by the non-registered Shareholder but which is not otherwise completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the non-registered Shareholder when submitting the proxy. In this case, the non-registered Shareholder who wishes to vote by proxy should otherwise properly complete the form of proxy and deliver it as specified above under the heading “Appointment and Revocation of Proxies”; or
- (b) be given a form of proxy which is not signed by the Intermediary and which, when properly completed and signed by the non-registered Shareholder and returned to the Intermediary or its service company, will constitute voting instructions (often called a “**Voting Instruction Form**”) which the Intermediary must follow. Typically, the non-registered Shareholder will also be given a page of instructions which contains a removable label containing a bar code and other information. In order for the form of proxy to validly constitute a Voting Instruction Form, the non-registered Shareholder must remove the label from the instructions and affix it to the Voting Instruction Form, properly complete and sign the Voting Instruction Form and submit it to the Intermediary or its services company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit non-registered Shareholders to direct the voting of the Class A Shares they beneficially own. **Should a non-registered Shareholder who receives either form of proxy, wish to vote at the Meeting in person (or have another person attend and vote on behalf of the non-registered Shareholder), the non-registered Shareholder should strike out the persons named in the form of proxy and insert the non-registered Shareholder’s name, or such other person’s name, in the blank space provided. Non-registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the form of proxy or Voting Instruction Form is to be delivered.**

A non-registered Shareholder may revoke a form of proxy or Voting Instruction Form given to an Intermediary by contacting the Intermediary through which the non-registered Shareholder’s Class A Shares are held and following the instructions of the Intermediary respecting the revocation of proxies. In order to ensure that an Intermediary acts upon a revocation of a proxy form or Voting Instruction Form, the written notice should be received by the Intermediary well in advance of the Meeting.

Under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators, non-registered Shareholders or “beneficial” shareholders are either “objecting beneficial owners” or “OBOs”, who object to the disclosure by Intermediaries of information about their ownership in the Company, or “non-objecting beneficial owners” or “NOBOs”, who do not object to such disclosure. The Company is not sending the Meeting Materials (including any request for voting instructions made by an Intermediary) directly to NOBOs and does not intend to pay for proximate intermediaries to send such materials to OBOs. Accordingly, OBOs will not receive the Meeting Materials unless the Intermediary assumes the costs of delivery.

All of the members of the Compensation Committee have had experience in matters of executive compensation that is relevant to their responsibilities as members of such committee by virtue of their respective professions and long-standing involvement with public companies or other large for-profit organizations.

The Board has complete discretion over the amount and composition of each NEO's compensation. Compensation matters relating to the directors were administered by the full Board. Compensation matters relating to each NEO who is a member of the Board were administered by the Compensation Committee.

The Company made significant changes to its compensation policies and practices in 2021. These are summarized below in the section entitled "*Summary of Compensation Changes for 2021*".

Compensation Program Philosophy

The goal of the compensation program is to attract, retain and reward employees and other individuals who contribute to both the immediate and the long-term success of the Company. Contributions are largely measured subjectively, and are rewarded through cash and equity-based compensation.

Historically, the Company has principally used a combination of cash and grants of stock options to compensate its employees, directors and consultants. The guiding compensation principles have been to ensure compensation levels are competitive in order to attract and retain qualified employees, directors and consultants and to use incentive compensation to balance short and long-term performance and to align the interests of NEOs with those of shareholders. Currently, however, the Company is not earning any income from operations and may not do so for some time. As a result, the Company is required to adjust its compensation formulation to preserve cash until circumstances change, and to do so in creative ways that continue to encourage and reward its people. In this manner, the Company can balance the Company's financial condition and cash needs with the need to ensure NEOs are financially rewarded for their performance and to incentivize them to remain loyal and perform at the high level expected.

Therefore, the Compensation Committee, after extensive deliberations and consultations with Senior Management (Messrs. Coleman, Timm and Belanger), recommended in early 2021, that voluntary salary reductions for executives, independent directors and certain technical consultants be requested. Senior Management, independent directors and consultants agreed and their salaries and fees were reduced effective October 31, 2021. To create financial incentive, each individual affected received stock options

based on the percentage of his salary reduction. The greater the salary reduction, the greater the multiplier for the stock options. Likewise, Senior Management will receive a payment equal to the cost of exercising the options (“Milestone Bonus”) if and when a specific Company objective, or “Milestone”, is met, within the prescribed time period.

Under this program, the Company will save at least \$1,113,300 annually through salary and fee reductions. The salary arrangements for Senior Management are fixed for three years, although if overall conditions change their salaries may be increased.

If all options are exercised, dilution of almost 2.984 million shares would result. The Committee believes shareholders would accept such a dilution considering the cash savings resulting from this program. The Committee also understands the obligation to pay the Milestone Bonuses in the near term could place a strain on the Company’s cash position. However, the Committee believes achievement of a Milestone would add significant value for the Company even though it may not be directly reflected in the near-term share price.

The Committee believes that the program should be attractive for all stakeholders, as it serves multiple goals - save cash and provide downside protection for the Company’s stock, provide incentives to achieve important goals and align all stakeholders in the Company to the upside of creating value.

This compensation program to incentivize Senior Management’s voluntary salary reduction has four key elements.

- 1 Granting of stock options with immediate vesting based on the percentage of salary reduction that the executive elected. See “*Outstanding Equity Awards at Fiscal Year-End*” below for the specific option grants made.
- 2 The Committee recognized that the executives possess deep and extensive experience, expertise and institutional knowledge about the Company’s affairs, the Siembra Minera Project, the ICSID Award and the circumstances and people in Venezuela. The Company would be significantly disadvantaged if this was suddenly lost. Accordingly, the Committee recommended that the Company offer each of Messrs. Coleman, Timms and Belanger a three-year consulting services agreement should the executive’s employment terminate for any reason other than cause. The Company and these executives entered into consulting services agreements on October 4, 2021. Under the consulting services agreement, the executive will be paid 33% of his salary as of December 31, 2020 for year one, 25% for year 2, and 20% for year 3. The Committee recognized that this also has the effect of extending the period of time in which the executives could exercise their options. See “*Termination and change of control benefits*” for specific details on the amounts payable to the individual executives pursuant to such consulting agreements.
- 3 Establishment of a bonus plan based on achieving any one of certain Milestones within certain time periods. These Milestones are quantitative and qualitative and relate to the outcome of the current settlement arrangement with Venezuela and decisions related to the Siembra Minera Project. The Company is relying on an exemption available under applicable securities laws from the requirement to disclose these specific Milestones as this information contains sensitive information, the public disclosure of which would seriously prejudice the Company’s interests. The Milestones, if achieved, will equate to a maximum of approximately 329% of the total Senior Management individual’s compensation in the year paid. The Milestones are considered challenging and requiring significant effort to accomplish. Milestones are to be achieved in compliance with any Canadian or U.S. sanctions.

- 4 Entering severance arrangements with Senior Management, in addition to the existing Change of Control agreements, whereby Senior Management would receive 24 months compensation for termination without cause and 12 months compensation for retirement with advance written notice to the Company. Severance compensation would be based on the executive's base salary during 2020. See description in "*Termination and Change of Control Benefits*" below.

Existing Change of Control agreements were amended to reflect changes arising from this compensation plan such as the base salary calculation. See description in "*Termination and Change of Control Benefits*" below.

The Committee recommended that independent directors also be asked to voluntarily reduce their annual basic retainer fee and be entitled to stock option grants if they do so. The independent directors agreed to reduce their retainer fee to the extent indicated in, "*Director Compensation*" and were granted the options set forth in "*Director Compensation*" below.

The Company evaluates the extent to which strategic and business goals are met and measures individual performance, albeit subjectively, and the degree to which teamwork and Company objectives are promoted. Traditionally, the Company strove to achieve a balance between the compensation paid to a particular individual and the compensation paid to other employees and executives having similar responsibilities within the Company. The Company also strives to ensure that each employee understands the components of his or her salary, and the basis upon which it is determined and adjusted.

While the Company encourages NEOs to own Class A Shares of the Company, the Company does not currently have a policy requiring officers or directors of the Company to own Class A Shares.

The Compensation Committee considers the risk implications of the Company's compensation policies and practices and did so in considering the changes to compensation policies and practices for 2021. The Committee concluded that there was no appreciable risk associated with such policies and practices as such policies and practices do not have the potential of encouraging an executive officer or other applicable individual to take on any undue risk or to otherwise expose the Company to inappropriate or excessive risks. The Milestone Bonuses are consistent with the Company's objectives and the strategy set for the Company by the Board. Furthermore, although the Company does not have in place any specific prohibitions preventing a NEO or a director from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of stock options or other equity securities of the Company granted in compensation or held directly or indirectly, by the NEO or director, the Company is unaware of the purchase of any such financial instruments by any NEO or director.

During 2021, the Company did not retain a compensation consultant or advisor to assist the Board or Compensation Committee in determining compensation for the Company's executive officers and directors.

Compensation Elements and Rationale for Pay Mix Decisions

For 2021, to reward both short and long-term performance in the compensation program and in furtherance of the Company's compensation objectives noted above, the Company's executive compensation philosophy included the following two principles:

Compensation levels should be competitive

A competitive compensation program is vital to the Company's ability to attract and retain qualified senior executives. To ensure that the compensation program is competitive, the Company and the Compensation

Committee look to the circumstances of the Company and data with respect to other companies that have some relevance to the Company and its circumstances.

Incentive compensation should balance short and long-term performance

To reinforce the importance of balancing strong short-term annual results and long-term viability and success, NEOs may receive both short and long-term incentives. Short-term incentives focus on the achievement of certain objectives for the upcoming year, while stock options create a focus on share price appreciation over the long term.

Compensation Benchmarking

The Company in the past established base salaries and other compensation by using an extensive internal survey of base salaries paid to officers of mining companies with similar experience in the mining industry. For 2021, the Compensation Committee determined that was not appropriate as the Company did not have an operating mine but the Compensation Committee did feel that they should be generally aware of compensation practices for such companies to ensure the Company continues to be able to attract and retain top mining industry talent.

Components of Executive Compensation

The components of executive compensation are as follows:

Base Salary. The administration of the program requires the Compensation Committee to review annually the base salary of each NEO and to consider various factors, including individual performance, experience, length of time in position, future potential, responsibility, and the executive's current salary in relation to the executive salary range at other mining companies. These factors are considered subjectively and none are accorded a specific weight. For the period of 2021-2024, the base salary of Senior Management has been reduced on a voluntary basis.

Bonuses. In addition to base salary, the Compensation Committee from time-to-time recommends to the Board payments of discretionary bonuses to executives and selected employees. Such bonuses are based on the same criteria and determined in a similar fashion as described above.

Equity. The Compensation Committee from time-to-time recommends to the Board grants of stock options to executives and selected employees. These grants are to motivate the executives and selected employees to achieve goals that are consistent with the Company's business strategies, to create Shareholder value and to attract and retain skilled and talented executives and employees. These factors are considered subjectively and none are accorded a specific weight when granting awards.

401(k) Plan Contribution. The Compensation Committee annually determines the contribution to a 401(k) plan maintained by the Company's subsidiary, Gold Reserve Corporation (the "**401(k) Plan**"), for allocation to individual participants. Participation in and contributions to the 401(k) Plan by individual employees, including officers, is governed by the terms of the 401(k) Plan. See "*Incentive Plans – 401(k) Plan*".

Chief Executive Officer's Compensation

It is the responsibility of the Compensation Committee to review and recommend to the Board for ratification the compensation package for the CEO based on the same factors listed above that are used in determining the base salaries for the other NEOs.

For 2021, the Compensation Committee had not developed specific quantitative or qualitative performance measures or other specific criteria for determining the compensation of the Company's CEO, primarily because the Company does not yet have a producing mine or other operations from which such quantitative data can be derived.

The determination of the CEO’s compensation in 2021 was based on his 2020 salary of \$625,000 as reduced by his voluntary agreement to \$375,000.

Other NEOs’ Compensation

In determining the compensation of the other NEOs, the compensation during 2021 was based on their 2020 compensation as voluntarily reduced in the case of Mr. Coleman and Mr. Belanger. Generally, the Compensation Committee considers prior compensation and equity grants when considering current compensation.

Change of Control Agreements

The Company maintains change of control agreements with each of the NEOs (the “**Change of Control Agreements**”) which were implemented by the Board to induce the NEOs to remain with the Company.

See “*Termination and Change of Control Benefits*” below.

The amounts related to the option-based awards and the share-based awards do not necessarily represent the value of the Class A Shares when vesting occurs, the value of the stock options when exercised, or value the employee may realize from the sale of the Class A Shares.

- (5) On September 10, 2020, Shareholders approved the re-pricing of an aggregate of 2,045,000 outstanding stock options exercisable for the purchase of Class A Shares, the applicable details of which are set out in the table below (the "Re-Priced Options"), previously granted to Insiders of the Company by reducing the exercise price of each of such option to the higher of: (i) the original exercise price of each Re-Priced Option less \$0.76; or (ii) the closing price on the principal market of the Class A Shares on the day prior to the re-pricing becoming effective (the "Option Re-Pricing"). All outstanding stock options were re-priced in this manner but approval of Shareholders was only required with respect to the stock options granted to Insiders. All other terms of the Re-Priced Options remained unchanged.

The Option Re-Pricing reflected the decrease in the market price of the Class A Shares as a result of the return of capital transaction that was completed on June 14, 2019 (the "Return of Capital Transaction"). The Return of Capital Transaction was approved at the meeting of Shareholders held on June 13, 2019 and was completed by way of a court-approved plan of arrangement, pursuant to which the Company returned an aggregate of \$75,000,000, or \$0.76 per then-outstanding Class A Share, to Shareholders.

The Re-Priced Options were granted to the following NEOs of the Company as set out below:

less than the exercise price. There are no share-based awards outstanding, and no non-equity incentive plan compensation was earned during the financial year ended December 31, 2021.

Incentive Plans

The 2012 Equity Incentive Plan, as amended and restated (the “2012 Plan”)

The 2012 Plan was adopted by the Board for the employees, officers, directors and consultants of the Company and its subsidiaries and permits the grant of stock options, which are exercisable for Class A Shares.

For the financial year ended December 31, 2021, the 2012 Plan was amended to increase the maximum number of Class A Shares issuable under stock options granted under the 2012 Plan to 9,939,500, with such amendment being approved by the TSXV on June 21, 2021. As of the date of this Circular, nil stock options have been exercised, 7,218,393 stock options are outstanding and 2,721,107 stock options remain available for issuance.

Securities Authorized for issuance under Equity Compensation Plans

The following table sets forth certain information regarding the Company's compensation plans as of December 31, 2021:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under the plan
Equity compensation plans approved by securityholders (2012 Equity Incentive Plan)	7,218,393	\$2.08	2,721,107
Equity compensation plans not approved by securityholders	N/A	N/A	N/A
Total	7,218,393	\$2.08	2,721,107

The 2012 Plan was established to provide incentives to qualified parties to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company. The stock options granted by the Company are exercisable for Class A Shares. The stock options granted under the 2012 Plan are for terms of up to ten years and are subject to certain vesting periods as required by the TSXV. The 2012 Plan is administered by the Compensation Committee, and in certain cases by the Board, established pursuant to the terms of the 2012 Plan.

In accordance with the rules of the TSXV, the number of Class A Shares which may be reserved for issuance to any one person may not exceed 5% of the issued Class A Shares in a 12-month period, calculated as at the date the stock options are granted to such person. In addition, pursuant to the rules of the TSXV and as set forth in the 2012 Plan, the Company may not grant stock options providing for the issuance of more than 2% of the issued Class A Shares to any one consultant in any 12-month period, calculated as at the date the stock options are granted to such consultant, and the Company may not grant stock options providing for the issuance, in the aggregate, of more than 2% of the issued Class A Shares to all persons retained to conduct investor relations activities in any 12-month period, calculated as at the date the stock options are granted to such persons.

The 2012 Plan also provides for the following:

- (a) stock options granted under the 2012 Plan will have an expiry date not to exceed 10 years from the date of grant;
- (b) any stock options granted that expire or terminate for certain reasons without having been exercised will become available for reissuance under the 2012 Plan;
- (c) stock options will vest as required by the TSXV and as may be determined by a committee established pursuant to the 2012 Plan, or in certain cases, by the Board;
- (d) the minimum exercise price of any stock options granted under the 2012 Plan will be the last previous closing price on the date of grant, subject to the requirements of the TSXV; and
- (e) the Board is authorized to grant to participants that number of stock options under the 2012 Plan not exceeding 9,939,500 of the issued and outstanding Class A Shares of the Company, less the number of currently outstanding stock options and the number of stock options that have previously been exercised under the 2012 Plan.

Amendments to the 2012 Plan may be made by the Board without Shareholder approval to:

- (a) amend the 2012 Plan to correct typographical, grammatical or clerical errors;

- (b) change the vesting provisions of an option granted under the 2012 Plan, subject to prior written approval of the TSXV, if applicable;
- (c) change the termination provisions of an option granted under the 2012 Plan if it does not entail an extension beyond the original expiry date of such option;
- (d) make such amendments to the 2012 Plan as are necessary or desirable to reflect changes to securities laws applicable to the Company;
- (e) make such amendments as may otherwise be permitted by the TSXV, if applicable; and
- (f) amend the 2012 Plan to reduce the benefits that may be granted to new plan participants.

The Board is of the view that the 2012 Plan provides the Company with the flexibility to attract and maintain the services of directors, executive officers, employees and other service providers, and is competitive with the equity incentives provided by other similar companies in the same industry as the Company.

401(k) Plan

The Company's subsidiary, Gold Reserve Corporation, maintains a 401(k) Plan, formerly known as the KSOP Plan, for the benefit of eligible employees. The 401(k) Plan consists of the contribution of a salary reduction amount and discretionary contributions by the Company for eligible employees into a 401(k) retirement savings plan. Eligible employees are those who have been employed for a period in excess of one year and who have worked at least 1,000 hours during the year in which any allocation is to be made.

Employee contributions to the 401(k) Plan are limited in each year to the total amount of salary reduction the employee elects to defer during the year, which was limited to \$19,500 in the financial year ended December 31, 2021 (\$26,000 limit for participants who are 50 or more years of age, or who turned 50 during the financial year ended December 31, 2021).

Employer contributions, stated as a percentage of eligible compensation, are determined each year by the Board. The employer contributions are disclosed under "Executive Compensation – Summary Compensation Tables", under the column "All Other Compensation". All contributions, once made to the individual's account under the 401(k) Plan, are thereafter self-directed.

During the financial year ended December 31, 2021, total employer and employee annual contributions to an employee participating in the 401(k) Plan were limited to a maximum of \$58,000 (\$64,500 limit for participants who are 50 or more years of age or who turned 50 years of age during the financial year ended December 31, 2021). The annual dollar limit is an aggregate limit which applies to all contributions made under this plan. For the 401(k) Plan, the Company adopted a minimum "Safe Harbor" contribution of 3% of eligible compensation during the financial year ended December 31, 2021.

Distributions from the 401(k) Plan are not permitted before the participating employee reaches the age of 59 years and six months of age, except in the case of death, disability, termination of employment by the Company or financial hardship. Allocated contributions to eligible 401(k) Plan participants (7 participants for the financial year ended December 31, 2021) for the financial years ended December 31, 2021 and 2019 were cash totaling an aggregate of \$163,429 and \$171,188, respectively, and for the financial year ended December 31, 2020 an aggregate of \$170,141 in the form of Class A Shares. For the contributions made in the financial year ended December 31, 2020, the 401(k) Plan Trustees, on the recommendation of the Compensation Committee, determined to invest the total 401(k) Plan contribution in a total of 123,662 Class A Shares issued by the Company on June 7, 2021 at a price of C\$1.66.

Retention Units

The Company has a Director and Employee Retention Plan (the "**Retention Plan**") for the primary purposes of: (1) attracting and retaining directors, management and personnel with the training, experiences, and ability to enable them to make a substantial contribution to the success of the business of the Company, (2)

to motivate participants by means of growth-related incentives to achieve long term goals, (3) to further align the interests of participants with those of the Shareholders through equity-based incentive opportunities, and (4) to allow each participant to share in the value of the Company following the grant of retention units (the “**Retention Units**”).

The Board or a committee thereof may grant Retention Units to directors and certain key employees of the Company or its subsidiaries. The Retention Units fully vest and are payable upon the achievement of pre-established goals or a Change of Control (described below).

No Retention Units were granted to directors, executive officers, or employees in the financial years ended December 31, 2021, 2020, or 2019 respectively. As of December 31, 2021, no Retention Units remained outstanding.

Termination and Change of Control Benefits

Termination of Employment, Change in Responsibilities and Employment Contracts

On October 4, 2021 letter agreements were entered into with Messrs. Timm, Coleman and Belanger setting out certain terms of their employment and compensation arrangements. See “*Summary of Compensation Changes for 2021*”.

These letter agreements provide that, as of the date of such NEO’s termination of employment, he would be eligible for payments equal to 24 months of base salary, including payment of accrued vacation and his proportionate 401(k) Plan contribution in addition to 6 months of medical insurance coverage if he is terminated without cause. If he retires in 2022 with 6 months’ notice or with 90 days’ notice in 2023 or thereafter, he is entitled to 12 months of base salary, including payment of accrued vacation and his proportionate 401(k) Plan contribution in addition to 6 months of medical insurance coverage.

Base salary severance for these purposes is determined based on the base salary in effect during calendar year 2020. The salary severance is payable in one lump sum within 30 days of the severance event.

Upon the termination of employment by the Company for any reason other than cause of any such NEO, at the election of the NEO, they may agree to continue to provide consulting services to the Company for a period not exceeding three years, for an annual consulting fee which reduces over the term of the consulting agreement.

If the NEO’s employment had been terminated at December 31, 2021 for the above reasons, the payments to these NEOs would have been approximately the following:

	<u>Termination of Employment</u>	<u>Change of Control</u>	<u>Retirement</u>	<u>Consulting Fee</u>
James H. Coleman	\$1,000,000 plus equivalent amount to 401(k) contribution and medical insurance	\$1,500,000 plus equivalent amount to 401(k) contribution and medical insurance	\$500,000 plus equivalent amount to 401(k) contribution and medical insurance	Year 1: \$166,667 Year 2: \$125,000 Year 3: \$100,000

Existing Change of Control Arrangements with Executive Officers

The Company maintains Change of Control Agreements with each of the NEOs, which were implemented by the Board to induce the NEOs to remain with the Company in the event of a Change of Control. The Board believes these individuals are important assets to the Company and their continued employment is important to oversee the enforcement and resolution of the settlement arrangement with Venezuela and other legal actions related to the revocation of the mining rights of the Siembra Minera Project.

For these reasons, beginning in 2003, the Company entered into Change of Control Agreements with each of the NEOs (other than Mr. Coleman) and three other employees. On May 26, 2017, the Board approved a Change of Control Agreement with Mr. Coleman. Other than as disclosed herein, no other executive officers, directors or affiliates of the Company have Change of Control Agreements with the Company.

A “Change of Control” means one or more of the following:

- (a) the acquisition by any individual, entity or group, of beneficial ownership of equity securities of the Company representing more than 25 percent of the voting power of the outstanding equity securities with certain limited exceptions;
- (b) a change in the composition of the Board (the “**Incumbent Board**”) that causes less than a majority of the current directors of the Board to be members of the incoming board; however, that any individual becoming a director subsequent to March 28, 2008, whose election, or nomination for election by the Shareholders, was approved by a vote of at least the majority of the directors then comprising the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board;
- (c) the consummation of a reorganization, merger, amalgamation, arrangement, business combination or consolidation or sale or other disposition of all or substantially all of the assets of the Company with certain limited exceptions;
- (d) the approval by Shareholders of the liquidation or dissolution of the Company; or
- (e) any other event or series of events which the Board reasonably determines constitutes a Change of Control.

Pursuant to the Change of Control Agreements, in the event of a Change of Control each participant is entitled to, among other things, continue employment with the Company and, if the participant’s employment is terminated within 12 months following the Change of Control either voluntarily by the participant or by the Company for any reason other than termination for cause, such participant will be entitled to receive, among other things:

- (a) an amount equal to 24 times his monthly salary (36 times for Mr. Timm, Mr. Belanger and Mr. Coleman; the Change of Control time period of 24 months compared to 36 months is based primarily on seniority of position and responsibility and length of service with the Company), determined as of the date immediately prior to termination or the Change of Control, whichever is greater, except for Messrs. Timm, Belanger and Coleman for which, because of the salary reductions described in “*Summary of Compensation Changes for 2021*”, it is 36 times the greatest of his monthly salary for the calendar year 2020; the 12 months immediately prior to the date of termination of his employment; or the 12 months immediately prior to the Change of Control;
- (b) an amount equal to two years of the Company’s 401(k) Plan contributions or equivalent amount for Mr. Coleman (based upon the maximum allowable allocation pursuant to applicable law and the participant’s annual salary immediately prior to his termination date or the Change of Control, whichever is greater except for Messrs. Timm, Belanger and Coleman for which the annual salary

- would be the greatest of that for calendar year 2020, the 12 months immediately prior to the date of termination of his employment, or the 12 months immediately prior to the Change of Control);
- (c) an amount equal to the aggregate of all bonuses received during the 12 months prior to his termination date, or, in the case of Messrs. Timm, Belanger and Coleman, during calendar year 2020, the 12 months immediately prior to the date of termination of his employment, or in the 12 months immediately prior to the Change of Control, whichever is the greatest, plus any amounts required to be paid in connection with unpaid vacation time;
 - (d) a payment equal to two times the monthly premium for maintenance of health, life, accidental death and dismemberment, and long-term disability insurance benefits for a period of 36 months;
 - (e) cause all equity awards or equity-based awards (including stock options and restricted shares) granted to the participant to become fully vested and unrestricted;
 - (f) at the election of the participant, the buy-out of the cash value of any unexercised stock options based upon the amount by which the weighted average trading price of the Class A Shares for the last five days preceding the date the participant makes such election exceeds the exercise price of the stock options;
 - (g) the value of his or her vested retention units, if any, in accordance with the Gold Reserve Inc. Director and Employee Retention Plan; and
 - (h) all amounts owing under the terms of the 2012 Bonus Pool Plan (described below), in addition to any subsequent payments to be made under the terms of the 2012 Bonus Pool Plan.

As further discussed in the following two paragraphs, the participants (other than Mr. Coleman) are entitled to receive certain “gross-up payments” (that is, an excess parachute gross-up payment and a deferred compensation gross-up payment) if payments that he receives are subject to the excise tax under Code Section 4999 on excess parachute payments or the additional tax and interest factor tax under Code Section 409A on deferred compensation. The intent of these gross-up payments is to put the participant in the same position, after tax, that he would have been in if the payments that the participant received had not been subject to the excise and additional taxes.

The Change of Control Agreements also provide for a gross-up payment if any payment made to or for the benefit of a participant (“**Excess Parachute Payment**”) would be subject to the excise tax imposed by Code Section 4999, or any interest or penalties are incurred by the participant with respect to such excise tax. The Company will pay to the participant an additional payment (“**Excess Parachute Gross-Up Payment**”) in an amount such that after payment by the participant of all taxes on the Excess Parachute Gross-Up Payment, the participant retains an amount of the Excess Parachute Gross-Up Payment equal to the excise tax (and any interest or penalties) imposed upon the participants Excess Parachute Payment.

The Change of Control Agreements further provide for a gross-up payment if any payment made to or for the benefit of a participant (“**Deferred Compensation Payment**”) would be subject to the additional tax or additional interest on any underpayment of tax imposed by Code Section 409A, or any interest or penalties are incurred by the participant with respect to such additional tax or underpayment of tax. The Company will pay to the participant an additional payment (“**Deferred Compensation Gross-Up Payment**”) in an amount such that after payment by the participant of all taxes on the Deferred Compensation Gross-Up Payment, the participant retains an amount of the Deferred Compensation Gross-Up Payment equal to the additional tax and additional interest on any underpayment of tax (and any interest or penalties) imposed upon the participant’s Deferred Compensation Payment.

Payments may be delayed six months under Code Section 409A. In the event of such a delay, the delayed payments will be made to a rabbi trust. Upon the completion of the six-month delay period, the payments held in the rabbi trust will be paid to the participant plus interest at the prime rate. The Company will pay all costs associated with the rabbi trust.

Participants would have been entitled to collectively receive an aggregate of approximately \$6.4 million if a Change of Control had occurred on December 31, 2021. Although all persons with Change of Control Agreements can elect the buy-out of their stock options as described above, the amount above does not consider any such election as the exercise price of all outstanding stock options exceeded the market value of the Class A Shares as of December 31, 2021. The aggregate amount due was determined exclusive of any gross-up payments, which could be substantial depending on the tax position of each individual.

The following table represents the estimated payout for employees holding Change of Control Agreements at December 31, 2021. These amounts were determined exclusive of any gross-up payments, which could be substantial depending on the tax position of each individual.

(1) The “Value of unexercised in-the-money options” was calculated by determining the difference between the market value of the securities underlying the option at the end of the financial year and the exercise price of such stock options. At December 31, 2021 the closing price of the Class A Shares on the OTCQX was \$1.19.

(2) Re-Priced Options (as more fully described in the NEOs Summary Compensation Table, footnote 5) were granted to certain directors of the Company.

Options Vested During the Year

The following table sets forth information for the directors other than the NEOs regarding the value of stock options vesting during the financial year ended December 31, 2021 for which there was none as the market price was equal to the exercise price. There are no share-based awards outstanding, and no non-equity incentive plan compensation was earned during the financial year ended December 31, 2021.

- (1) On October 4, 2021 the following stock options vested each with an exercise price of \$1.60 per share and a market price of \$1.60 per share: 60,000 stock options vested for Mr. Cohen; 30,000 stock options vested for Mr. Gagnon; 120,000 stock options vested for Mr. Geyer; and 195,000 stock options vested for Mr. Johnston.

Directors and Officers Insurance

The Company carries directors' and officers' liability insurance which is subject to a total aggregate limit of approximately \$11 million. The annual premium for the latest policy period beginning April 2022 was approximately \$1.3 million. In addition, the Company elected in 2018 to exercise its options to obtain additional run off/extended reporting period coverage of \$8 million for six years at an annual expense of approximately \$70,000, from its previous primary coverage provider.

2012 Bonus Pool Plan

The Board approved the 2012 Bonus Pool Plan (“**Bonus Plan**”) in May 2012 to reward Bonus Plan participants, including NEOs, employees, directors and consultants, for their contributions to, among other things: (i) the development of the Brisas Project to the construction stage and subsequent issuance of the environmental permit to commence construction of the Brisas Project; (ii) the manner in which the Brisas Project development effort was carried out allowing the Company to present a compelling and vigorous arbitration claim; (iii) the support of the Company’s prosecution of the arbitration proceedings through the filing of numerous memorandum and exhibits as well as the oral hearings (the “**Arbitration Proceedings**”); and (iv) the on-going efforts to assist with positioning the Company to collect, in the most optimum manner, any awards arising out of the Arbitration Proceedings and/or sale of the Mining Data.

In January 2013 and September 2014, the Compensation Committee selected Bonus Plan participants and fixed their respective percentage of participation in the bonus pool and since September 2014 the Plan was 100% allocated to plan participants. In June 2018, the Board modified the Bonus Plan to increase the percentage participation of certain individuals who in the Board’s opinion were not adequately recognized for their current contribution to efforts associated with the conclusion of the Settlement Agreement and the collection of the amounts contemplated thereunder. The effect of the Board’s modification to the Bonus Plan is more fully described below. The Bonus Plan is administered by a committee, composed of one or more independent members of the Board, appointed from time to time by the Board. Participation in the Bonus Plan fully vests upon the participant’s selection by the committee, subject to voluntary termination of employment or termination for cause. Participants who reach age 65 and retire are fully vested and continue to participate in future distributions under the Plan.

Generally the bonus pool is established if and when the Company (i) recovers any settlement, award, or other payment made or other consideration transferred to the Company or any of its affiliates outside of Venezuela, arising out of, in connection with or with respect to the Arbitration Proceedings, including, but not limited to the proceeds received by the Company or its affiliates from a sale, pledge, transfer or other disposition, directly or indirectly, of the Company's rights with respect to the Arbitration Proceedings; (ii) sells, pledges, transfers or disposes, directly or indirectly, of all or any portion of the Mining Data, or (iii) in the event the Company or its Shareholders, directly or indirectly, engage in any (a) merger, plan of arrangement or other business combination transaction involving the Company or any of its subsidiaries, (b) a sale, pledge, transfer or other disposition of 85% or more of the Company's then outstanding Class A Shares or (c) sale, pledge, transfer or other disposition, directly or indirectly, of all or substantially all of the assets of the Company ("**Enterprise Sale**").

In the case of the collection of the Award or disposition of the Mining Data, the bonus pool is comprised of the gross proceeds or the fair value of any consideration related to such transactions less certain deductions and applicable taxes and in the case of an Enterprise Sale the gross value of the transaction will be considered before any applicable taxes and after any Change of Control payments. The bonus pool, as originally structured, was comprised of the applicable gross proceeds or fair value realized less applicable taxes multiplied by 1% of the first \$200 million and 5% thereafter. The effect of the Board's June 2018 modification was to increase the after-tax percentage allocation for the first \$200 million up to a maximum of 1.28% and the percentage allocation thereafter up to a maximum of 6.4%.

Based on the proceeds from the sale of the Mining Data and the receipt of payments associated with the Award, the Company in 2019 distributed to participants, including the NEOs, approximately \$0.31 million, which is discussed in the compensation section. No payments were made in the financial year ended December 31, 2021.

INDEBTEDNESS OF DIRECTORS, EXECUTIVE OFFICERS AND SENIOR OFFICERS OTHER THAN SECURITIES PURCHASE PROGRAMS

As of the date hereof, or at any time within thirty days prior to the date hereof, no executive officer, director, employee, or former executive officer, director or employee of the Company is or was indebted in respect of any purchase of securities or otherwise to the Company or any of its subsidiaries, or to any other entity for which the indebtedness was the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Company or any of its subsidiaries.

CORPORATE GOVERNANCE

Corporate Governance Matters

The Board and management of the Company recognize that effective corporate governance practices are fundamental to the long-term success of the Company. Sound corporate governance contributes to Shareholder value through increased confidence in the affairs of the Company. The Board and management are therefore committed to maintaining a high standard of corporate governance and compliance with the applicable provisions of National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("**NI 58-101**"). Additionally, while not currently prescriptive, the Board and management consider and, where appropriate, implement the corporate governance guidelines suggested in National Policy 58-201 – *Corporate Governance Guidelines* ("**NP 58-201**"). The guidelines contained in NP 58-201 have been formulated to:

1. achieve a balance between providing protection to investors and fostering fair and efficient capital markets and confidence in capital markets;
2. be sensitive to the realities of the greater numbers of small companies and controlled companies in the Canadian corporate landscape;

3. take into account the impact of corporate governance developments in the U.S. and around the world; and
4. recognize that corporate governance is evolving.

Independence and Board Matters

The Board has determined that Messrs. Gagnon, Cohen, Geyer and Johnston are “independent” within the meaning of section 1.4 of National Instrument 52-110 – *Audit Committees* (“**NI 52-110**”) and section 1.2 of NI 58-101. The Board believes that the four aforementioned directors are free from any interest and any business or other relationship that could, or could reasonably be perceived, to materially interfere with their ability to act independently from management of the Company or to act as a director with a view to the best interests of the Company, other than interests and relationships arising from shareholdings held, directly or indirectly, by such directors.

Each of the Audit Committee and the Compensation Committee are comprised of independent directors. Such committees hold regularly scheduled meetings at which non-independent directors and members of management of the Company are not in attendance. The Nominating Committee is comprised of a majority of independent directors. While the Board has not adopted a written mandate, the Board has adopted the Gold Reserve Inc. Code of Conduct and Ethics (the “**Company Code of Conduct and Ethics**”) which can be found at www.goldreserveinc.com under Investor Relations – Corporate Governance. The Company Code of Conduct and Ethics is also available in print to any Shareholder who requests it from the Company by writing to us at Gold Reserve Inc., 999 W. Riverside Avenue, Suite 401, Spokane, WA 99201, Attn: Investor Relations.

Due to its current size, the Board does not currently provide an orientation and education program specifically designed to train new members of the Board. Further, the Board does not provide a continuing education program for its directors. All directors are given direct access to management of the Company, which is encouraged to provide information on the Company and its business and affairs to directors. The Board believes that each of its directors maintain the skills and knowledge necessary to meet their obligations as directors.

Risk Oversight

The various committees of the Board are responsible for assisting the Board in the oversight of risk management of the Company. In particular, the Audit Committee focuses on financial risk exposures, the steps that management of the Company has taken to monitor and control such risks, and, if appropriate, discusses with the independent auditor the guidelines and policies governing the process by which senior management and the relevant departments of the Company assess and manage the Company’s financial risk exposure and operational/strategic risk. The Company believes this arrangement maximizes the risk oversight benefit while providing for an appropriate leadership structure.

AUDIT COMMITTEE

Audit Committee Charter

The Audit Committee of the Board operates within a written mandate, as approved by the Board, which describes the Audit Committee’s objectives and responsibilities. The full text of the Audit Committee Charter, as amended as of August 2014, is attached as Appendix A to this Circular.

Membership and Role of the Audit Committee

The Audit Committee consists of James Michael Johnston (Chairman), James P. Geyer and Yves M. Gagnon. The Board has determined each member of the Audit Committee to be “independent” and “financially literate” as such terms are defined under Canadian securities laws. Further, each member of the Audit Committee satisfies the definition of “independent” director as established under the SEC rules. In addition, each member of the Audit Committee is financially literate and the Board has determined that Mr. Johnston qualifies as an audit committee “financial expert” as defined by SEC rules. The Board has made these determinations based on the education and experience of each member of the Audit Committee.

Mr. Johnston co-founded Steelhead in late 1996 to form and manage the Steelhead Navigator Fund. Prior to that time, Mr. Johnston served as senior vice president and senior portfolio manager at Loews Corporation. He began his investment career at Prudential Insurance as a high yield and investment-grade credit analyst. Mr. Johnston was promoted to co-portfolio manager of an \$11 billion fixed income portfolio in 1991. He graduated with honors from Texas Christian University with a degree in finance and completed his MBA at the Johnson Graduate School of Business at Cornell University. Mr. Johnston has been a member of the Audit Committee since 2017.

Mr. Geyer has a Bachelor of Science in Mining Engineering from the Colorado School of Mines, has 41 years of experience in underground and open pit mining and has held engineering and operations positions with a number of companies including Amax Inc. and ASARCO LLC. Mr. Geyer is a former Director of Thompson Creek Metals Inc., where he was previously a member of the audit committee. Mr. Geyer has been a member of the Audit Committee since 2015.

Former Ambassador Gagnon is a graduate of France’s National Administration School (ENA), Mr. Gagnon also holds a BA in Arts and Bsc in Political Sciences (Laval). During his more than 40 years in the Canadian federal administration, he held positions of increasing responsibility including as financial Controller at the Department of Foreign Affairs and International Trade, and as VP (Corporate) of Petro-Canada International Assistance Corporation as well as ambassador of Canada in six countries. Mr. Gagnon also served as chair of four bi-national chambers of Commerce as well as director on the boards of the Association of Canadian Exporters of Books, the International Exhibition Bureau and the Canada-USA Fulbright Foundation.

APPENDIX A

GOLD RESERVE INC.
(the “Company”)
CHARTER OF THE AUDIT COMMITTEE OF
THE BOARD OF DIRECTORS (the “Board”)
As Amended and Restated August 2014

Purpose

The primary purposes of the Audit Committee (the “**Committee**”) are to assist the Board in fulfilling its oversight responsibilities and to oversee, on behalf of the Board, the Company’s accounting and financial reporting and internal control processes, financial statements and information, and compliance with regulatory requirements associated with such financial statements and information. More specifically, the purpose of the Committee is to satisfy itself that:

- the Company’s annual financial statements are fairly presented in accordance with generally accepted accounting principles and to recommend to the Board whether the annual financial statements should be approved;
- the information contained in the Company’s quarterly financial statements, annual report to shareholders and other financial publications, such as management’s discussion and analysis (“**MD&A**”), is complete and accurate in all material respects and to approve these materials;
- the Company has appropriate systems of internal control over the safeguarding of assets and financial reporting to ensure compliance with legal and regulatory requirements; and
- the internal and external audit functions have been effectively carried out and that any matter that the internal or the independent auditors wish to bring to the attention of the Board has been addressed. The Committee will also recommend to the Board the re-appointment or appointment of auditors and their remuneration.

The Committee’s function is one of oversight only and does not relieve management of its responsibilities for preparing financial statements that accurately and fairly present the Company’s financial results and condition, nor the independent auditors of their responsibilities relating to the audit or review of financial statements.

Organization

The Committee shall consist of at least three directors. The Board shall designate a Committee member as the chairperson of the Committee, or if the Board does not do so, the Committee members shall appoint a Committee member as chairperson by a majority vote of the authorized number of Committee members. The Chair shall be an “audit committee financial expert” as defined by securities laws applicable to the Company.

All Committee members shall be “independent,” as that term is defined under securities laws applicable to the Company. Furthermore, each Committee member shall be able to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company’s financial statements.

The Board may replace, remove and appoint Committee members at any time and any Committee member who ceases to be a director of the Company shall immediately cease to be a member of the Committee. Committee members shall serve for such terms as may be fixed by the Board, and in any case, at the will of the Board whether or not a specific term is fixed.

Independent Auditors and Their Services

The Committee shall recommend to the Board the nomination, compensation, retention, termination and evaluation, and shall be directly responsible for overseeing the work, of the independent auditors engaged by the Company for the purposes of preparing or issuing an auditor's report or related work or performing other audit, review or attest services for the Company. The independent auditors shall report directly to the Committee. The Committee's authority includes the resolution of disagreements between management and the auditors regarding financial reporting.

The Committee shall pre-approve all audit, review, attest and permissible non-audit services to be provided to the Company or its subsidiaries by the independent auditors. The Chair may independently approve normal course services provided by the independent auditor with ratification and approval by the full committee at the next quarterly committee meeting. The Committee shall obtain and review, at least annually, a report by the independent auditors describing:

- the firm's internal quality-control procedures; and
- any material issue raised by the most recent internal quality-control review, or peer review, of the auditing firm or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.

In addition, the Committee's annual review of the independent auditors' qualifications shall also include the review and evaluation of the lead partner of the independent auditors for the Company's account, and evaluation of such other matters as the Committee may consider relevant to the engagement of the auditors, including views of company management and internal finance employees, and whether the lead partner or auditing firm itself should be rotated.

Annual Financial Reporting

As often and to the extent the Committee deems necessary or appropriate, but at least annually in connection with the audit of each fiscal year's financial statements, the Committee shall:

1. Review and discuss with appropriate members of management the annual audited financial statements, related accounting and auditing principles and practices, and (when required of management under securities laws applicable to the Company and stock exchange requirements on which the Company's common shares are listed, as applicable) management's assessment of internal control over financial reporting and recommend to the Board whether such annual financial statements should be approved.
2. Timely request and receive from the independent auditors, the report (along with any required update thereto), to the extent such report is required by securities laws applicable to the Company and stock exchange requirements on which the Company's common shares are listed, as applicable, prior to the filing of an audit report, concerning:
 - all critical accounting policies and practices to be used;

- all alternative treatments of financial information within generally accepted accounting principles for policies and practices relating to material items that have been discussed with company management, including ramifications of the use of such alternative disclosures and treatments and the treatment preferred by the independent auditors; and
 - other material written communications between the independent auditors and company management, such as any management letter or schedule of unadjusted differences.
3. Discuss with the independent auditors the matters required to be discussed by AICPA Statement on Auditing Standards No. 61, including such matters as:
 - the quality and acceptability of the accounting principles applied in the financial statements;
 - new or changed accounting policies, and significant estimates, judgments, uncertainties or unusual transactions;
 - the selection, application and effects of critical accounting policies and estimates applied by the Company;
 - issues raised by any “management” or “internal control” letter from the auditors, problems or difficulties encountered in the audit (including any restrictions on the scope of the work or on access to requested information) and management’s response to such problems or difficulties, significant disagreements with management, or other significant aspects of the audit; and
 - any off-balance sheet transactions, and relationships with any unconsolidated entities or any other persons, which may have a material current or future effect on the financial condition or results of the Company and as may be required to be reported under securities laws applicable to the Company and stock exchange requirements on which the Company’s common shares are listed, as applicable.
 4. Review and discuss with appropriate members of management the Company’s annual MD&A (or equivalent disclosures) and annual profit or loss press releases prior to their public disclosure and recommend to the Board whether such annual MD&A should be approved.
 5. Receive from the independent auditors a formal written statement of all relationships between the auditors and the Company consistent with Independence Standards Board Standard No. 1.
 6. Actively discuss with the independent auditors any disclosed relationships or services that may impact their objectivity and independence, and take any other appropriate action to oversee their independence.

Quarterly Financial Reporting

The Committee shall:

1. Review and discuss with appropriate members of management the quarterly financial statements of the Company, the results of the independent auditors’ review of these financial statements and interim profit and loss press releases prior to their public disclosure.
2. Review and discuss with Company management and, if appropriate, the independent auditors, significant matters relating to:
 - the quality and acceptability of the accounting principles applied in the financial statements;
 - new or changed accounting policies, and significant estimates, judgments, uncertainties or unusual transactions;

- the selection, application and effects of critical accounting policies and estimates applied by the Company; and
 - any off-balance sheet transactions and relationships with any unconsolidated entities or any other persons which may have a material current or future effect on the financial condition or results of the Company and are required to be reported under securities laws applicable to the Company or stock exchange requirements on which the Company's common shares are listed, as applicable.
3. Review and discuss with appropriate members of management the Company's interim MD&A (or equivalent disclosures) and interim profit or loss press releases prior to their public disclosure and recommend to the Board whether such interim MD&A should be approved.

Other Functions

The Committee shall discuss with management "financial results" press releases (including the type and presentation of information to be included, paying particular attention to any use of "pro forma" or "adjusted" non-GAAP information), and financial information and guidance or other forward-looking financial information provided to analysts and rating agencies or otherwise publicly disclosed. This may be conducted generally as to types of information and presentations, and need not include advance review of each release or other information or guidance.

The Committee, to the extent it deems necessary or appropriate, shall periodically review with management the Company's disclosure controls and procedures, internal control over financial reporting and systems and procedures to promote compliance with applicable laws and regulatory requirements, as applicable, and the Committee shall ensure that adequate procedures are in place for the review of the Company's public disclosure of financial information extracted or derived from the Company's financial statements, other than the public disclosure referred to above with respect to annual and quarterly financial statements; and periodically assess the adequacy of such procedures.

The Committee shall also report to the Board annually the overall results of its annual review of the independent auditors' qualifications, performance and independence. The Committee shall also report to the Board on the major items covered by the Committee at each Committee meeting, and provide additional reports to the Board as the Committee may determine to be appropriate, including review with the full Board of any issues that arise from time to time with respect to the quality or integrity of the Company's annual and quarterly financial statements and other publicly disclosed financial information, the Company's compliance with legal or regulatory requirements, the performance and independence of the independent auditors.
